FARMERS MARKET REQUIREMENTS

To qualify for this authorization, I certify under penalty of perjury that the farmers market submitting this application meets all of the following requirements as listed in RCWs 66.24.170, 66.24.240 and 66.24.244:

- The market is an entity that sponsors a regular assembly of vendors at a defined location, for the purpose of promoting the sale of agricultural products grown or produced in Washington directly to consumers.
- The market has at least five participating vendors who are farmers selling their own agricultural products. A "**farmer**" means a person who sells agricultural products raised on land he/she owns or leases in this state, or in a county that borders the state.
- The total combined gross annual sales of vendors who are farmers at this market exceed the total combined gross annual sales of vendors who are **processors** or **resellers**.
 - A "**processor**" means a person who sells processed food personally prepared on land he or she owns or leases in this state, or in a county that borders the state.
 - A "**reseller**" means a person who buys agricultural products from a farmer and resells the products directly to consumers.
- The total combined gross annual sales of vendors who are farmers, processors, or resellers at this market exceed the total combined gross annual sales **of all other vendors**.
- The market does not have vendors that sell imported or secondhand items.
- The market does not have vendors who are franchisees.
- I understand that these are continuing requirements and that failure to meet any of these requirements at any time may result in the revocation of this authorization by the WSLCB.
