

## Server Training

The 1995 Legislature passed a law requiring Mandatory Alcohol Server Training (MAST) for managers, bartenders and anyone who serves or sells alcohol on premises. Permits are issued upon successful completion of a private, certified alcohol server training program. The two types of permits are each valid for five years. *For further details, refer to RCW 66.20.300 and WAC 314.17.*

1. **Class 12 Mixologist Permit** - For managers, bartenders, servers and anyone who conducts alcohol tastings and **is at least 21 years old**. Class 12 permit holders are also authorized to perform duties included in the Class 13 permit. Every licensed business where spirits, beer and wine are consumed on the premises must have at least one Class 12 permit holder on duty.
2. **Class 13 Servers Permit** - For servers and ID checkers **who are at least 18 years old** that carry alcohol to the customer or open beer or wine and pour it into a customer's glass at the customer's table. Class 13 permit holders cannot mix drinks or draw beer or wine from a tap.

Anyone who serves or sells alcohol is required to get the appropriate permit within 60 days of initial hire. At the end of that time period, working without the required permit can result in the issuance of a criminal citation.

The permit is good for five years and it is non-renewable. Take a MAST course for a new permit before your current permit expires.

## The Liquor Boards Role In Alcohol Serving Training

Board staff review, approve and certify programs, providers, and trainers who teach approved programs and set minimum course standards. Board staff also tracks all permits that have been issued. The Board does not provide classes that qualify servers for permits, schedule or regulate the cost of classes. Keep a receipt and write down the name and phone number of your trainer and online provider. You may be eligible to upgrade from a Class 13 permit to a Class 12 permit once turn 21. Contact your trainer or provider.

## What Else Do I Need To Know?

The permit is the server's property, not the employer and must be presented with supporting ID when requested by liquor enforcement officers or law enforcement officers.

State law requires providers and trainers to issue permits to individuals within 30 days of completion of the class. (In-person class or online class)

## Problems?

If you do not get your permit within 30 days, contact the trainer or provider. If you still do not receive your permit, contact the Liquor Control Board MAST department at (360) 664-1727 or (360) 664-1728.

## How Do I Replace A Lost Permit?

If you lose your permit, you may replace it by sending the completed **Affidavit of Lost or Replacement Mixologist/Server Permit** with a \$5.00 fee to the Liquor Control Board MAST department. You should receive your new permit within two weeks. You may also contact your provider or trainer.
