Liquor Control Board
3000 Pacific Ave SE
Olympia, WA 98501

Dear Board Members:

On behalf of the Olympia City Council, I am transmitting a petition requesting that the Board immediately establish an Alcohol Impact Area for downtown Olympia.

The City Council unanimously passed this resolution on Tuesday, January 15, 2013.

We look forward to your favorable action on this request. If you have any questions concerning this matter, please contact Brian Wilson, Downtown Liaison, at 570-3798.

Sincerely,

Steven R. Hall

RESOLUTION NO. _____

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF OLYMPIA,
WASHINGTON, PETITIONING THE WASHINGTON STATE LIQUOR CONTROL
BOARD TO RECOGNIZE THE ALCOHOL IMPACT AREA DESIGNATED WITHIN
THE URBAN CORE AREA OF THE CITY OF OLYMPIA AND CONTINUE THE BAN
ON OFF-PREMISES SALES OF CERTAIN LIQUOR PRODUCTS.**

WHEREAS, Washington Administrative Code (WAC) §314-12-215 provides that a local authority must first designate an alcohol impact area by ordinance and make good faith efforts for at least six months to mitigate the effects of chronic public inebriation with such ordinance before petitioning the Washington State Liquor Control Board to recognize an alcohol impact area; and

WHEREAS, on March 13, 2012, the Olympia City Council adopted Ordinance No. 6796, as amended by Ordinance No. 6803 adopted on April 24, 2012, which designated an Alcohol Impact Area (AIA) within the urban core area of the City of Olympia and banned the off-premises sales of certain brands of high-alcohol content, single serve, low-cost beverages within the AIA; and

WHEREAS, the City of Olympia has completed the AIA six-month mandatory minimum voluntary compliance period required by WAC §314-12-215; and

WHEREAS, at its December 11, 2012, regular business meeting, the City Council directed staff to prepare a resolution petitioning the Washington State Liquor Control Board to recognize the AIA designated within the urban core area of the City of Olympia by virtue of Ordinance No. 6803;

NOW, THEREFORE, THE OLYMPIA CITY COUNCIL DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. Findings. Based on the statistical analysis and data set forth in Exhibit 1 hereto and the staff reports and materials associated with Ordinance Nos. 6796 and 6803, along with other documents, prior public comment and testimony on file with the City of Olympia, the City Council hereby finds that:

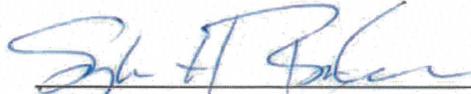

1. Chronic public inebriation or illegal activity associated with liquor sales or consumption within the AIA contributes to the deterioration of the general quality of life within the City of Olympia's AIA and threatens the welfare, health, peace or safety of the AIA's visitors and occupants.
2. A pervasive pattern of public intoxication or public consumption of liquor has been demonstrated.

Section 2. Prior Efforts and Lack of Compliance

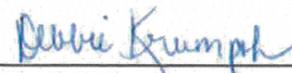

1. The City has made good faith efforts to control the problems of chronic public inebriation or illegal activity associated with liquor sales or consumption within the AIA through voluntary measures.
2. Past voluntary measures have failed to sufficiently resolve the problems of chronic public inebriation or illegal activity associated with liquor sales or consumption within the AIA.

Section 3. Petition. The City Council hereby petitions the Washington State Liquor Control Board to recognize the Alcohol Impact Area designated within the urban core of the City of Olympia by Ordinance No. 6796 and as amended by Ordinance No. 6803, and requests a ban on the off-premises sale of the certain liquor products set forth in Exhibit B of Ordinance No. 6803 within the AIA.

PASSED BY THE OLYMPIA CITY COUNCIL this 15th day of January 2013.

APPROVED AS TO FORM:

CITY ATTORNEY

On March 13, 2012, the Olympia City Council adopted Ordinance No. 6796, as amended by Ordinance No. 6803 adopted on April 24, 2012, which designated an Alcohol Impact Area (AIA) in Downtown Olympia (See Attachment 1). This AIA was requested by City Council for the citizens of Olympia, the Olympia Downtown Association and the Parking & Business Improvement Area. The call for the establishment of a mandatory AIA was based on numerous experiences with the sale of fortified beers, malt liquor, and wines, and with the behavior associated with drinking in public.

Downtown Olympia primarily consists of government buildings and retail stores. There are 9 off-premises retail locations with liquor licenses permitting the sale of beer and wine. These nine locations are scattered throughout downtown. Many of the public drinking behaviors occur in close proximity to these locations.

The City of Olympia has a large population of Chronic Public Inebriates (CPI) in its Downtown Core. Downtown Olympia serves as a regional downtown for Thurston County. This geographic characteristic leads to an increase in the amount of CPIs.

The layout of Downtown Olympia provides many locations for drinking in public out of easy line-of-sight. The City has several alleyways with alcoves where individuals can hide from the public. In addition, we have a long waterfront lined with trees where public drinking occurs on a daily basis.

Two years ago, the City of Olympia began the "Downtown Project" which is a multidirectional approach toward creating a safe and welcoming environment for all users of downtown. It consists of several programs working in unison toward the same goal. One of the elements of the Downtown Project was establishing a Best Management Practices (BMP) with Bar/Tavern owners. The BMPs aim to prevent over serving, increase communication, and set minimum staffing levels based on the number of patrons. We believe the BMPs promote safety for those choosing to consume alcohol in legal drinking establishments. In addition, the City of Olympia created the Downtown Ambassador Program (DAP) which is run through a partnership with the non-profit organization Capital Recovery Center. The goal of the DAP is to provide customer service to all users of downtown. The ambassadors are trained to provide social service referrals and have been successful in referring over two dozen individuals to service agencies in the first six months of the program.

The proposed AIA is an attempt to address the other side of the drinking issue: drinking in public & CPIs. The accessibility of high Alcohol By Volume (greater than 5.7%), high quantity (greater than 16 oz.), cheap, fortified wine and malt beverages enables the problems the City experiences in Downtown Olympia. The City has taken measures to prevent this behavior including implementing a Downtown Ambassador Program and utilizing Community Oriented Policing strategies. These efforts help but a state-recognized mandatory Alcohol Impact Area has shown to be a key element of success in other cities facing the same problems.

Banned Beverage List:

The City of Olympia created a banned beverage list based on Tacoma and Spokane’s lists. Once the list was compiled, a few products were changed or removed due to rebranding or discontinuation of the product. The list contains 62 beverages.

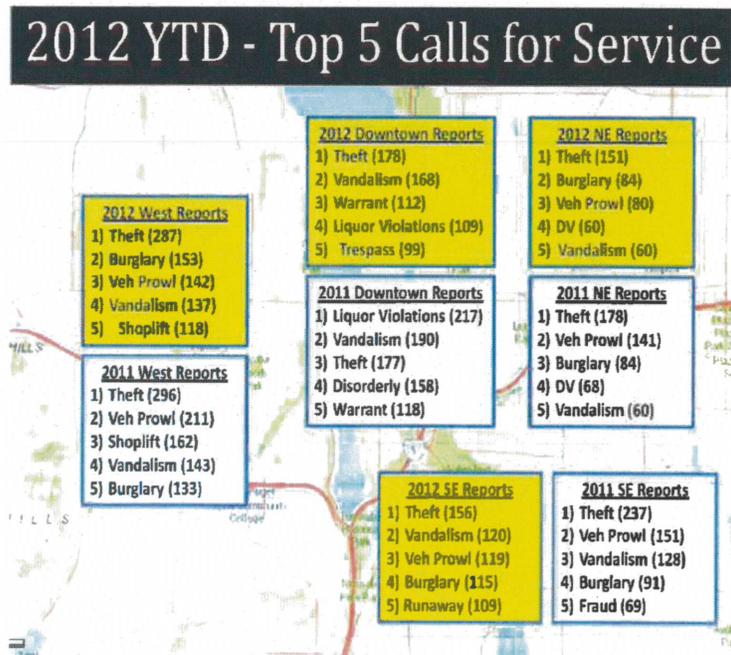

Data Collection/Results:

The 6-month minimum voluntary AIA period began May 1, 2012 and ended November 1, 2012. All off-premises retail locations were informed via certified mail of the voluntary period prior to and during the voluntary compliance period.

During this period the City formed a steering committee to monitor data collection and analysis.

Top 5 Calls to Service (Olympia Police Data):

The map below shows the Top 5 crimes noted by the Police Department in both 2011 and 2012, by area. Downtown is the only area in the city where liquor violations are listed in the Top 5 crime list. The data also shows that liquor violations fell between 2011 and 2012. However, liquor violations, which include Drinking in Public, Minor in Possession of Alcohol, etc, are generally “on-view” crimes – police officers notice the behavior themselves while on patrol as opposed to citizens calling to report the crime. Between 2011 and 2012, the Police Department instituted a new

program to focus its limited resources on verifiable crime trends. In 2012, the City experienced a significant up-swing in residential burglaries in nearly all of its area, with the exception of downtown. OPD resources were targeted in resolving this, and other crime trends, leading to less officer patrol of the downtown area. It is likely that the reduction in police patrols downtown is responsible for the decline of liquor violations.

Alcohol Related Incidents (Olympia Police Data):

During the months of June through August, Police Officers tracked how many suspects of crimes committed downtown had been drinking. Results for 2011 and 2012 were compared. On average, 7% of the crimes downtown involved at least one suspect who had been drinking. This average held true between 2011 and 2012. While total number of incidents declined due to focused policing in other areas, the rate of crimes with inebriated suspects did not vary.

<i>2011 ALCOHOL-INVOLVED INCIDENTS</i>			
	Total Incidents	Alcohol-related Incidents	% of Total
June 1-8	351	50	14%
June 9-15	299	20	7%
June 16-July 20	1517	91	6%
July 21-August 3	530	35	7%
August 4-10	287	22	8%
TOTALS	2984	218	7%

<i>2012 ALCOHOL-INVOLVED INCIDENTS</i>			
	Total Incidents	Alcohol-related Incidents	% of Total
June 1-5	139	13	9%
June 6-19	509	38	7%
June 20-July 17	1068	74	7%
July 18 to July 31	592	33	6%
August 1-14	481	39	8%
TOTALS	2789	197	7%

Medical Responses:

Excessive drinking can have an impact on the calls for service to the Olympia Fire Department (OFD). OFD frequently responds to calls in the downtown area that are related to an individual being

intoxicated. OFD calls for service were gathered for the downtown area during the months June through August for both 2011 and 2012. The data shows

<i>OFD Calls 2011-2012</i>				
	2011	2012	Change	% Change
Medical Calls	333	368	35	11%
Fire	9	19	10	111%
Service Calls	12	17	5	42%
Good Intent Calls	57	61	4	7%
Hazardous calls	3	7	4	133%
TOTALS	414	472	58	14%

that OFD responded to more calls downtown in 2012, after the AIA was implemented with voluntary

compliance. In particular, Medical Calls, which are the type of calls most correlated with intoxication, increased by 11%.

Store Compliance Audits:

An alcohol impact area task force was formed at the beginning of the 6-month voluntary compliance period. This task force completed monthly visits to each off premises retail location within the boundaries of the alcohol impact area. The purpose of these visits was to monitor compliance among each retail location.

An initial inventory check revealed that five of nine off-premises locations carried products on the banned-beverage list. Monthly inventory checks yielded the same results during the full duration of the voluntary period.

	Carrying Banned Beverages?					
	May	June	July	August	September	October
Bayview Thriftway	N	N	N	N	N	N
Capital Street Grocery	Y	Y	Y	Y	Y	Y
Washington Street Market	Y	Y	Y	Y	Y	Y
Eastbay Shell	Y	Y	Y	Y	Y	Y
TJ Brothers Liquor Lodge	N	N	N	N	N	N
Hulbert Shell	N	N	N	N	N	N
4th Avenue Market	Y	Y	Y	Y	Y	Y
Lucky 7	Y	Y	Y	Y	Y	Y
Adam Street Market	N	N	N	N	N	N

Beer Can Alleyway Audit:

Beer can litter in alleyways has been a constant problem in Downtown Olympia. Before the Downtown Project began, it was common to find piles of cans in various locations within close proximity to off-premises retail locations that carried banned-beverages. The City of Olympia has made attempts to prevent public alleyway drinking (as stated above) and sent additional cleaning resources (Ambassador Clean Team, Probation Work Crew, and Facilities) to assist in removal of litter. While there is less litter build-up, public drinking continues in the alleyways.

As part of the AIA data collection effort, the City tasked one AIA task force member with counting beer cans in alleyways downtown on a weekly basis from August to October. While the number of cans found reduced from 2011 due to 5-day/week cleaning, an average of 13.67 cans were found each week. Of the cans found, 79.27% were products on the banned beverage list.

	Number of Cans Found	Number of Cans on Banned List	Percentage of Cans on Banned List
27-Aug	12	10	83.33%
10-Sep	18	18	100.00%
17-Sep	10	8	80.00%
24-Sep	13	9	69.23%
1-Oct	16	11	68.75%
22-Oct	13	9	69.23%
Total	82	65	79.27%

Summary:

During the AIA voluntary compliance period in 2012, the crime rate associated with alcohol consumption has not significantly changed compared to the same timeframe in 2011. Medical Calls for Service to the Fire Department actually increased, rather than decreased. The stores who the City had hoped would voluntarily comply with the AIA restrictions did not significantly change their inventories. The evidence of high-alcohol products being used in the

downtown suggests that restricted beverages continue to be sold frequently.

On December 11, 2012, the Olympia City Council voted unanimously to petition the Washington State Liquor Control Board to adopt a resolution recognizing a mandatory AIA in Downtown Olympia. Alcohol Impact Areas have shown to be an effective tool for reducing crime, medical calls to service, and increasing safety in other municipalities in the Pacific Northwest. Given the steps already taken by the City and the evidence stated above, it is apparent that Downtown Olympia is in need of and will benefit from a mandatory Alcohol Impact Area.

Ordinance No. 6796

AN ORDINANCE of the City of Olympia, Washington, creating an Alcohol Impact Area within the urban core area of the City of Olympia and requiring a report to the City Council by October 16, 2012, regarding voluntary efforts to reduce chronic public inebriation.

WHEREAS, the Washington Administrative Code (WAC) §314-12-215 provides that, as a condition precedent to the City requesting that the Washington State Liquor Control Board enact additional restrictions on off-premises alcohol sales within an area of the City adversely affected by chronic public inebriation or illegal activity associated with alcohol sales or consumption, an ordinance must designate such an area as an Alcohol Impact Area; and

WHEREAS, the Thurston County Public Health and Social Services Department recognizes that chronic public inebriation is a health hazard; and

WHEREAS, City of Olympia crime statistics indicate that liquor related violations occur in higher numbers in the downtown area in comparison to other areas of the City; and

WHEREAS, chronic public inebriation is associated with an inordinately high demand on social services and public safety resources; and

WHEREAS, an important element in the plan to reduce chronic public inebriation is to restrict the availability of alcohol sold to chronic public inebriates in areas where such sales threaten the health, safety, and welfare of the public and that of the chronic public inebriates; and

WHEREAS, City Council action to establish an Alcohol Impact Area is supported by information gathered by the Olympia Community Planning & Development Department, through its own efforts and with assistance from the Olympia Police Department; and

WHEREAS, over the past three years, there have been meetings between City officials, including the Olympia Police Department, and the following business groups and social service providers within the urban core area of the City:

- City of Olympia Community Planning & Development
- Olympia Downtown Association (ODA)
- Parking and Business Improvement Area (PBIA)
- Together
- Community Youth Services
- Thurston County Department of Health

WHEREAS, this Ordinance is supported by the staff report and materials associated with this Ordinance, along with other documents on file with the City of Olympia; and

WHEREAS, this Ordinance is adopted pursuant to Article 11, §11, of the Washington State Constitution.

NOW, THEREFORE, THE OLYMPIA CITY COUNCIL ORDAINS AS FOLLOWS:

Section 1. Urban Core Alcohol Impact Area.

A. The geographical area in the City of Olympia described below is declared to be an Alcohol Impact Area as defined by WAC §314-12-215:

City of Olympia Alcohol Impact Area, situated in Section 14, the Southeast Quarter of Section 15, the North half of Section 23, all of Township 18 North, Range 2 West, Willamette Meridian, Thurston County, Washington. The Alcohol Impact Area is generally depicted in the map set forth in Exhibit A and is more particularly described as being contained and bounded by the following described roadway corridors and includes all parcels of land adjacent to and fronting said roadway corridors:

BEGINNING at the intersection of Eastside Street and Olympia Avenue;
Thence Westerly along Olympia Avenue to Marine Drive;
Thence Northerly and Northwesterly along Marine Drive to D Avenue;
Thence Westerly along D Avenue to Market Street;
Thence Southwesterly along Market Street to Corky Avenue;
Thence Westerly along Corky Avenue to the Columbia Street;
Thence Southerly along Columbia Street to State Avenue;
Thence Westerly along the extension of State Avenue to the margin of Budd Inlet's West Bay;
Thence Southwesterly along the margin of West Bay to 5th Avenue;
Thence Easterly along 5th Avenue to Water Street;
Thence Southerly along Water Street to 7th Avenue;
Thence Easterly along 7th Avenue to Columbia Street;
Thence Southerly along Columbia Street to 11th Avenue;
Thence Easterly along 11th Avenue to Capitol Way;
Thence Southerly along Capitol Way to 14th Avenue;
Thence Easterly and Southeasterly along 14th Avenue and the I5 ramp to the intersection with Eastside Street;
Thence Northerly along Eastside Street to the **POINT OF BEGINNING**.

B. By October 16, 2012, the Chief of Police, on behalf of the organizations listed above, shall provide a report to the City Council on the voluntary efforts to address chronic public inebriation issues in the urban core Alcohol Impact Area. This report shall include relevant crime statistics, policy reports, emergency response data detoxification reports, sanitation reports, public health records, and other information that document the success or failure of the voluntary efforts to address chronic public inebriation in the urban core Alcohol Impact Area. Based upon the information contained in the report, the City Council may consider the adoption of legislation directing the Chief of Police to request the State Liquor Control Board to imposed further restrictions on liquor licensees, pursuant to WAC §314-12-215, in the urban core Alcohol Impact Area. Such legislation must be adopted by the City Council before any representative of the City requests the State Liquor Control Board to impose such restrictions.

Section 2. Product Restrictions. The list of product restrictions set forth in Exhibit B, attached hereto and incorporated herein, will be in effect for the duration of this Ordinance.

Section 3. Severability. The provisions of this Ordinance are declared separate and severable. If any provision of this Ordinance or its application to any person or circumstance is held invalid, the remainder of this Ordinance or application of the provision to other persons or circumstances, shall be unaffected.

Section 4. Ratification. Any act consistent with the authority and prior to the effective date of this Ordinance is hereby ratified and affirmed.

Section 5. Effective Date. This Ordinance shall take effect five (5) days after publication, as provided by law.

PUBLISH: Thursday, March 15, 2012

Ordinance No. 6803

AN ORDINANCE of the City of Olympia, Washington, amending Ordinance No. 6796, which created an Alcohol Impact Area within the urban core area of the City of Olympia, and requiring a report to the City Council by November 20, 2012, regarding voluntary efforts to reduce chronic public inebriation.

WHEREAS, the Washington Administrative Code (WAC) §314-12-215 provides that, as a condition precedent to the City requesting that the Washington State Liquor Control Board enact additional restrictions on off-premises alcohol sales within an area of the City adversely affected by chronic public inebriation or illegal activity associated with alcohol sales or consumption, an ordinance must designate such an area as an Alcohol Impact Area (AIA); and

WHEREAS, on March 13, 2012, the Olympia City Council passed on second reading Ordinance No. 6796, which created an Alcohol Impact Area within the urban core area of the City of Olympia, established a six-month voluntary compliance period, and required a report to the City Council by October 16, 2012, regarding voluntary efforts to reduce chronic public inebriation; and

WHEREAS, after Ordinance No. 6796 was passed, the City learned that Exhibit B, entitled *City of Olympia Alcohol Impact Area Malt/Beer and Wine Product Restrictions List*, contained discontinued, renamed or rebranded items; and

WHEREAS, the City Council has determined that Exhibit B of Ordinance No. 6796 should be amended to provide the most accurate product information possible to the alcohol retailers within the AIA; and

WHEREAS, the City Council has also determined that the six-month AIA voluntary compliance period and the due date for the ensuing report regarding voluntary efforts to reduce chronic public inebriation should be amended to correspond with the effective date of this Ordinance; and

WHEREAS, this Ordinance is supported by the staff report and materials associated with this Ordinance, along with other documents on file with the City of Olympia; and

WHEREAS, this Ordinance is adopted pursuant to Article 11, §11, of the Washington State Constitution.

NOW, THEREFORE, THE OLYMPIA CITY COUNCIL ORDAINS AS FOLLOWS:

Section 1. Amendment of Ordinance No. 6796. Ordinance No. 6796 is hereby amended to read as follows:

Section 1. Urban Core Alcohol Impact Area.

A. The geographical area in the City of Olympia described below is declared to be an Alcohol Impact Area as defined by WAC §314-12-215:

City of Olympia Alcohol Impact Area, situated in Section 14, the Southeast Quarter of Section 15, the North half of Section 23, all of Township 18 North, Range 2 West, Willamette Meridian, Thurston County, Washington. The Alcohol Impact Area is generally depicted in the map set forth in Exhibit A and is more

particularly described as being contained and bounded by the following described roadway corridors and includes all parcels of land adjacent to, and fronting said roadway corridors:

BEGINNING at the intersection of Eastside Street and Olympia Avenue;
Thence Westerly along Olympia Avenue to Marine Drive;
Thence Northerly and Northwesterly along Marine Drive to D Avenue;
Thence Westerly along D Avenue to Market Street;
Thence Southwesterly along Market Street to Corky Avenue;
Thence Westerly along Corky Avenue to the Columbia Street;
Thence Southerly along Columbia Street to State Avenue;
Thence Westerly along the extension of State Avenue to the margin of Budd Inlet's West Bay;
Thence Southwesterly along the margin of West Bay to 5th Avenue;
Thence Easterly along 5th Avenue to Water Street;
Thence Southerly along Water Street to 7th Avenue;
Thence Easterly along 7th Avenue to Columbia Street;
Thence Southerly along Columbia Street to 11th Avenue;
Thence Easterly along 11th Avenue to Capitol Way;
Thence Southerly along Capitol Way to 14th Avenue;
Thence Easterly and Southeasterly along 14th Avenue and the I5 ramp to the intersection with Eastside Street;
Thence Northerly along Eastside Street to the **POINT OF BEGINNING**.

B. By ~~October 16~~ November 20, 2012, the Chief of Police, on behalf of the organizations listed above, shall provide a report to the City Council on the voluntary efforts to address chronic public inebriation issues in the urban core Alcohol Impact Area. This report shall include relevant crime statistics, policy reports, emergency response data detoxification reports, sanitation reports, public health records, and other information that document the success or failure of the voluntary efforts to address chronic public inebriation in the urban core Alcohol Impact Area. Based upon the information contained in the report, the City Council may consider the adoption of legislation directing the Chief of Police to request the State Liquor Control Board to imposed further restrictions on liquor licensees, pursuant to WAC §314-12-215, in the urban core Alcohol Impact Area. Such legislation must be adopted by the City Council before any representative of the City requests the State Liquor Control Board to impose such restrictions.

Section 2. Product Restrictions. The list of product restrictions set forth in Exhibit B, attached hereto and incorporated herein, will be in effect for the duration of this Ordinance.

All remaining provisions of Ordinance No. 6796 not herein amended or supplemented shall remain as written in said ordinance, and shall continue in full force and effect.

Section 2. Codification. This Ordinance shall not be codified.

Section 3. Severability. The provisions of this Ordinance are declared separate and severable. If any provision of this Ordinance or its application to any person or circumstance is held invalid, the

remainder of this Ordinance or application of the provision to other persons or circumstances, shall be unaffected.

Section 4. Ratification. Any act consistent with the authority and prior to the effective date of this Ordinance is hereby ratified and affirmed.

Section 5. Effective Date. This Ordinance shall take effect five (5) days after publication, as provided by law.
