Vapor Product Retail and Wholesale
Bulletin No 16-04

Date: September 8, 2016
To: Vapor Product Industry Members
From: Deputy Chief Steven D. Johnson
Subject: Enforcement of Licensing Issues

RCW 70.345.020 establishes the types of licenses and the application process and RCW 70.345.030 requires a license to “engage in or conduct business as a retailer, distributor, or delivery seller in this state...” However, because of the challenges associated with completing the process and the number of applicants involved, the WSLCB has determined that the community and industry needs are best served if enforcement actions are delayed.

In an effort to support the industry needs, the WSLCB will delay enforcement actions against either retail or wholesale vapor product applicants involved in the licensing process until October 1, 2016.

Every effort is being made to complete the requested licensing processes as quickly as possible. The expectation is that the bulk of licenses will be issued in a timely manner.

If you have questions or concerns, please call the Washington State Liquor and Cannabis Board Enforcement and Education Division at (360) 664-1724.
