Liquor Control Board Announces Contract Store Closure Schedule

OLYMPIA, WASH. – The Washington State Liquor Control Board (WSLCB) has announced the closure schedule for all remaining contract liquor stores in advance of June 1, 2012, the first day of private liquor sales. To maintain coverage as long as possible the WSLCB will use a phased closure method, spreading out store shutdowns over four days. The phased closures will ensure that there are available, but limited, locations to purchase liquor across the state.

Contract liquor stores are privately owned businesses that have entered into an agreement to sell liquor for the state of Washington. Due to the holiday weekend, contract liquor stores may be closed earlier than indicated below. Please contact contract stores directly for their holiday operating schedules.

All contract liquor stores will be closed no later than May 30. Customers will experience the most limited service on May 31 as there are only thirty five state liquor stores open and available for business.
