Staffing and Training

- Consultant
 - Only consultants can handle patient's or designated provider's authorization form.
 - Required to enter patients and authorized providers into database.
 - Must have completed 20-hour approved training program.
 - Certificate of consultant must be conspicuously displayed at each business location.
- Medical Logo
 - Send a copy of your certificate via email to the Liquor and Cannabis Board at mmjendorsement@lcb.wa.gov and include the license number of the store's you are working for. The Liquor and Cannabis Board will then mail the retail store an official medical logo that can be put on the window.
- What services may a consultant provide?
 - For a list of allowed and prohibited services, visit the [Department of Health's Consultant Training website](#).
- What happens if a consultant is not available?
 - If a trained consultant is not available, new patients and designated providers may not be entered into the registration database and therefore are not exempt from paying sales tax.
- What are non-consultant employees permitted to do?
 - May only verify recognition cards and complete sales.
- Additional training is required for all employees, including:
 - Identification of persons under the age of twenty-one;

- Recognition of valid recognition cards
- See [RCW 69.50.357](#) and [69.50.378](#) for additional requirements.

Inventory

- May sell or provide at no charge to qualifying patients and designated providers products with a THC concentration of 0.3 percent or less.
- Patients are not limited to certain types of products.
