Welcome to the Washington State Liquor Control Board (WSLCB) Licensing Briefing

At the WSLCB, our most important task is to create a cooperative relationship with you through education. The WSLCB wants to help you succeed in liquor law compliance and assist with public safety in your communities.
Specific Class of License
Spirits/Beer/Wine Restaurant

Spirits/beer/wine is to sell/serve spirituous liquor (by the individual drink), beer and wine on the licensed premises.

The sale of liquor is incidental to the service of foods.

No alcohol can be sold to go from the premises, except bottles of wine with the restaurant’s label and kegs.

WAC 314-02-015  RCW 66.24.400
Public safety is our common goal. Four public safety issues that are very important are:

- **Minors**
  - Selling or furnishing tobacco to a minor (under age 18)
  - Selling, furnishing, allowing possession or consumption of alcohol by a minor (under age 21)
  - Allowing minor(s) to frequent an age restricted area or premises

- **Over service**
  - Sales to apparently intoxicated persons
  - Allowing possession of alcohol by apparently intoxicated persons
  - Allowing consumption of alcohol by apparently intoxicated persons

- **Disorderly Conduct**
  - Allowing fights/not calling police
  - Owners or employees intoxicated on premises

- **Violations of RCW 69, 69A or 70** — Criminal conduct of owner, employees and/or patrons
Statistics Show

The most common violations and complaints involve:

- Sales of liquor to apparently intoxicated persons
- Sales of liquor to persons under 21 years of age
Violations of Public Safety

- If you violate public safety laws or rules, administrative action may be taken against your liquor license. Administrative action could result in a monetary penalty, suspension, or cancellation of your liquor license privileges.

- BE SAFE. Please make sure that your staff is trained in liquor laws and company policy.
New Licensee Program

The WSLCB developed this program to provide technical assistance shortly after you receive your new license.

WSLCB officers will visit your premises to:

- Check your required signs
- Answer any questions
- Provide materials
- Review operations, especially those involving public safety
Sales to Apparently Intoxicated Persons

A licensee or employee may not supply liquor to any person apparently under the influence of liquor. A licensee or employee may not allow an apparently intoxicated person to possess or consume liquor on the licensed premises.

RCW 66.44.200
WAC 314-16-150
Over Service

*Over service* (OS) is the term used when patrons are showing apparent signs of intoxication and any of the following:

- In possession of alcohol
- Being sold or given alcohol by your employees
- Consuming alcohol
What to do?

If a person is showing signs of intoxication how do you and your employees respond?

Your company policy needs to be clear and concise on how to handle the situation.

Under Washington State law you must remove the alcohol from the patron and refuse further service of alcohol.
Once the Patron is Cut Off, What’s Next?

Your company policy should tell your employees what to do.

- Who should remove the alcohol from the patron?
- How do you cut someone off of service?
- Does the patron get their money back?
- Should the person stay in your premises?
- Who is responsible to get them home safely?
DUI Statistics

- Every person that is arrested in the State of Washington for DUI is asked to blow into a breathalyzer machine.

- When a person takes the breath test they are asked where they consumed their last drink.
DUI Statistics

- The police officer puts a code into the breathalyzer that identifies the location.

- Information from the breathalyzer is collected by the Washington State Patrol and forwarded to the WSLCB.
DUI Statistics

- No violations are generated off the DUI statistics alone.
- The information generated by the breath tests is for informational purposes only.
- The WSLCB considers the statistics as indicators that there might be adjustments that could be made to eliminate potential problems.
Studies show approximately 50% of intoxicated drivers come from licensed establishments.

Company Policy on Age Verification:

- Your company policy will dictate the success of your business.

- Your company policy should direct your employees how and when to verify age.

- The only sensible way to identify minors is to check ID of youthful appearing people each and every time.
Checking ID

- To verify a person’s age, your company policy should direct your employees to check ID.

  *You should be very strict on this policy!*

- When company policy directs an employee to check ID, only state approved ID’s are acceptable.
