

**WAC 314-55-077 What is a marijuana processor license and what are the requirements and fees related to a marijuana processor license?** (1) A marijuana processor license allows the licensee to process, package, and label usable marijuana and marijuana-infused products for sale at wholesale to marijuana retailers.

(2) A marijuana processor is allowed to blend tested useable marijuana from multiple lots into a single package for sale to a marijuana retail licensee providing the label requirements for each lot used in the blend are met and the percentage by weight of each lot is also included on the label.

(3) A marijuana processor is limited in the types of food or drinks they may infuse with marijuana to create an infused edible product. To reduce the risk to public health, food defined as potentially hazardous food in WAC 246-215-0115(88) may not be infused with marijuana. These foods are potentially hazardous as they require time-temperature control to keep them safe for human consumption and prevent the growth of pathogenic microorganisms or the production of toxins. The board may designate other food items that may not be infused with marijuana. Any food that requires refrigeration, freezing, or a hot holding unit to keep it safe for human consumption may not be infused with marijuana.

(4) The recipe for any food infused with marijuana to make an edible product must be kept on file at the marijuana producer's licensed premises and made available for inspection by the WSLCB or their designee.

(5) The application fee for a marijuana processor license is two hundred fifty dollars. The applicant is also responsible for paying the fees required by the approved vendor for fingerprint evaluation.

~~((4))~~ (6) The annual fee for issuance and renewal of a marijuana processor license is one thousand dollars. The board will conduct random criminal history checks at the time of renewal that will require the licensee to submit fingerprints for evaluation from the approved vendor. The licensee will be responsible for all fees required for the criminal history checks.

~~((5))~~ (7) The board will initially limit the opportunity to apply for a marijuana processor license to a thirty-day calendar window beginning with the effective date of this section. In order for a marijuana processor application license to be considered it must be received no later than thirty days after the effective date of the rules adopted by the board. The board may reopen the marijuana processor application window after the initial evaluation of the applications that are received and processed, and at subsequent times when the board deems necessary.

~~((6))~~ (8) Any entity and/or principals within any entity are limited to no more than three marijuana processor licenses.

~~((7))~~ (9) Marijuana processor licensees are allowed to have a maximum of six months of their average useable marijuana and six months average of their total production on their licensed premises at any time.

(10) A marijuana processor must accept returns of products and sample jars from marijuana retailers for destruction, but is not required to provide refunds to the retailer.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-079 What is a marijuana retailer license and what are the requirements and fees related to a marijuana retailer license?**

(1) A marijuana retailer license allows the licensee to sell only usable marijuana, marijuana-infused products, and marijuana paraphernalia at retail in retail outlets to persons twenty-one years of age and older.

(2) Marijuana extracts, such as hash, hash oil, shatter, and wax can be infused in products sold in a marijuana retail store, but RCW 69.50.354 does not allow the sale of extracts that are not infused in products. A marijuana extract does not meet the definition of a marijuana-infused product per RCW 69.50.101.

(3) Internet sales and delivery of product to customers is prohibited.

(4) The application fee for a marijuana retailer's license is two hundred fifty dollars. The applicant is also responsible for paying the fees required by the approved vendor for fingerprint evaluation.

(5) The annual fee for issuance and renewal of a marijuana retailer's license is one thousand dollars. The board will conduct random criminal history checks at the time of renewal that will require the licensee to submit fingerprints for evaluation from the approved vendor. The licensee will be responsible for all fees required for the criminal history checks.

(6) Marijuana retailers may not sell marijuana products below their acquisition cost.

(7) Marijuana retailer licensees are allowed to have a maximum of four months of their average inventory on their licensed premises at any given time.

(8) A marijuana retailer may transport product to other locations operated by the licensee or to return product to a marijuana processor as outlined in the transportation rules in WAC 314-55-085.

(9) A marijuana retailer may not accept a return of product that has been opened.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-084 Production of marijuana.** Only the following specified soil amendments, fertilizers, other crop production aids, and pesticides may be used in the production of marijuana:

~~(1) ((Materials listed or registered by the Washington state department of agriculture (WSDA) or Organic Materials Review Institute (OMRI) as allowable for use in organic production, processing, and handling under the U.S. Department of Agriculture's national organics standards, also called the National Organic Program (NOP), consistent with requirements at 7 C.F.R. Part 205.~~

~~(2))~~ Pesticides registered by WSDA under chapter 15.58 RCW as allowed for use in the production, processing, and handling of marijuana. Pesticides must be used consistent with the label requirements.

~~((3))~~ (2) Commercial fertilizers registered by WSDA under chapter 15.54 RCW.

((4)) (3) Potting soil and other growing media available commercially in the state of Washington may be used in marijuana production. Producers growing outdoors are not required to meet land eligibility requirements outlined in 7 C.F.R. Part 205.202.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-085 What are the transportation requirements for a marijuana licensee?** (1) **Notification of shipment.** Upon transporting any marijuana or marijuana product, a producer, processor ~~((e))~~, retailer, or certified third-party testing lab shall notify the board of the type and amount and/or weight of marijuana and/or marijuana products being transported, the name of transporter, information about the transporting vehicle, times of departure and expected delivery. This information must be reported in the traceability system described in WAC 314-55-083(4).

(2) **Receipt of shipment.** Upon receiving the shipment, the licensee receiving the product shall report the amount and/or weight of marijuana and/or marijuana products received in the traceability system.

(3) **Transportation manifest.** A complete printed transport manifest on a form provided by the board containing all information required by the board must be kept with the product at all times.

(4) **Records of transportation.** Records of all transportation must be kept for a minimum of three years at the licensee's location.

(5) **Transportation of product.** Marijuana or marijuana products that are being transported must meet the following requirements:

(a) Only the marijuana licensee ~~((e))~~, an employee of the licensee, or a certified testing lab may transport product;

(b) Marijuana or marijuana products must be in a sealed package or container approved by the board pursuant to WAC 314-55-105;

(c) Sealed packages or containers cannot be opened during transport;

(d) Marijuana or marijuana products must be in a locked, safe and secure storage compartment that is secured to the inside body/compartment of the vehicle transporting the marijuana or marijuana products;

(e) Any vehicle transporting marijuana or marijuana products must travel directly from the shipping licensee to the receiving licensee and must not make any unnecessary stops in between except to other facilities receiving product.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-089 What are the tax and reporting requirements for marijuana licensees?** (1) Marijuana licensees must submit monthly report(s) and payments to the board. The required monthly reports must be:

(a) On a form or electronic system designated by the board;

(b) Filed every month, including months with no activity or payment due;

(c) Submitted, with payment due, to the board on or before the twentieth day of each month, for the previous month. (For example, a report listing transactions for the month of January is due by February 20th.) When the twentieth day of the month falls on a Saturday, Sunday, or a legal holiday, the filing must be postmarked by the U.S. Postal Service no later than the next postal business day;

(d) Filed separately for each marijuana license held; and

(e) All records must be maintained and available for review for a three-year period on licensed premises (see WAC 314-55-087).

(2) **Marijuana producer licensees:** On a monthly basis, marijuana producers must maintain records and report purchases from other licensed marijuana producers, current production and inventory on hand, sales by product type, and lost and destroyed product in a manner prescribed by the board.

A marijuana producer licensee must pay to the board a marijuana excise tax of twenty-five percent of the selling price on each wholesale sale to a licensed marijuana processor or producer.

(3) **Marijuana processor licensees:** On a monthly basis, marijuana processors must maintain records and report purchases from licensed marijuana producers, production of marijuana-infused products, sales by product type to marijuana retailers, and lost and/or destroyed product in a manner prescribed by the board.

A marijuana processor licensee must pay to the board a marijuana excise tax of twenty-five percent of the selling price on each wholesale sale of usable marijuana and marijuana-infused product to a licensed marijuana retailer.

(4) **Marijuana retailer's licensees:** On a monthly basis, marijuana retailers must maintain records and report purchases from licensed marijuana processors, sales by product type to consumers, and lost and/or destroyed product in a manner prescribed by the board.

A marijuana retailer licensee must pay to the board a marijuana excise tax of twenty-five percent of the selling price on each retail sale of usable marijuana or marijuana-infused products.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-092 What if a marijuana licensee fails to report or pay, or reports or pays late?** (1) If a marijuana licensee does not submit its monthly reports and payment(s) to the board as required in WAC 314-55-089: The licensee is subject to penalties.

**Penalties:** A penalty of two percent per month will be assessed on any payments postmarked after the twentieth day of the month following the month of sale. When the twentieth day of the month falls on a Saturday, Sunday, or a legal holiday, the filing must be postmarked by the U.S. Postal Service no later than the next postal business day. Absent a postmark, the date received at the liquor control board or authorized designee, will be used to assess the penalty of two percent per month on payments received after the twentieth day of the month following the month of sale.

(2) Failure to make a report and/or pay the license taxes and/or penalties in the manner and dates outlined in WAC 314-55-089 will be

sufficient grounds for the board to suspend or revoke a marijuana license.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-104 Marijuana processor license extraction requirements.** (1) Processors are limited to certain methods, equipment, solvents, gases and mediums when creating marijuana extracts.

(2) Processors may use the hydrocarbons N-butane, isobutane, propane, or heptane or other solvents or gases exhibiting low to minimal potential human health-related toxicity approved by the board. These solvents must be of at least ninety-nine percent purity and a processor must use them in a professional grade closed loop extraction system designed to recover the solvents, work in ~~((a spark free))~~ an environment with proper ventilation, ~~((and follow all applicable local fire, safety and building codes in processing and the storage of the solvents))~~ controlling all sources of ignition where a flammable atmosphere is or may be present.

(3) Processors may use a professional grade closed loop CO<sub>2</sub> gas extraction system where every vessel is rated to a minimum of nine hundred pounds per square inch ~~((and follow all applicable local fire, safety and building codes in processing and the storage of the solvents))~~. The CO<sub>2</sub> must be of at least ninety-nine percent purity.

(4) Professional grade closed loop systems used by processors must be commercially manufactured and built to codes of recognized and generally accepted good engineering practices, such as:

(a) The American Society of Mechanical Engineers (ASME);

(b) American National Standards Institute (ANSI);

(c) Underwriters Laboratories (UL); or

(d) The American Society for Testing and Materials (ASTM).

(5) Professional closed loop systems, other equipment used, the extraction operation, and facilities must be approved for their use by the local fire code official and meet any required fire, safety, and building code requirements specified in:

(a) Title 296 WAC;

(b) National Fire Protection Association (NFPA) standards;

(c) International Building Code (IBC);

(d) International Fire Code (IFC); and

(e) Other applicable standards including following all applicable fire, safety, and building codes in processing and the handling and storage of the solvent or gas.

(6) Processors may use heat, screens, presses, steam distillation, ice water, and other methods without employing solvents or gases to create kief, hashish, bubble hash, or infused dairy butter, or oils or fats derived from natural sources, and other extracts.

~~((5))~~ (7) Processors may use food grade glycerin, ethanol, and propylene glycol solvents to create extracts.

~~((6))~~ (8) Processors creating marijuana extracts must develop standard operating procedures, good manufacturing practices, and a training plan prior to producing extracts for the marketplace. Any person using solvents or gases in a closed looped system to create marijuana extracts must be fully trained on how to use the system,

have direct access to applicable material safety data sheets and handle and store the solvents and gases safely.

~~((7))~~ (9) Parts per million for one gram of finished extract cannot exceed 500 parts per million or residual solvent or gas when quality assurance tested per RCW 69.50.348.

AMENDATORY SECTION (Amending WSR 13-21-104, filed 10/21/13, effective 11/21/13)

**WAC 314-55-105 Packaging and labeling requirements.** (1) All usable marijuana and marijuana-infused products must be stored behind a counter or other barrier to ensure a customer does not have direct access to the product.

(2) Any container or packaging containing usable marijuana or marijuana-infused products must protect the product from contamination and must not impart any toxic or deleterious substance to the usable marijuana or marijuana product.

(3) Upon the request of a retail customer, a retailer must disclose the name of the accredited third-party testing lab and results of the required quality assurance test for any usable marijuana or other marijuana-infused product the customer is considering purchasing.

(4) Usable marijuana and marijuana-infused products may not be labeled as organic unless permitted by the United States Department of Agriculture in accordance with the Organic Foods Production Act.

(5) The accredited third-party testing lab and required results of the quality assurance test must be included with each lot and disclosed to the customer buying the lot.

(6) A marijuana producer must make quality assurance test results available to any processor purchasing product. A marijuana producer must label each lot of marijuana with the following information:

- (a) Lot number;
- (b) UBI number of the producer; and
- (c) Weight of the product.

(7) Marijuana-infused products meant to be eaten, swallowed, or inhaled, must be packaged in child resistant packaging in accordance with Title 16 C.F.R. 1700 of the Poison Prevention Packaging Act or use standards specified in this subsection. Marijuana-infused product in solid or liquid form may be packaged in plastic four mil or greater in thickness and be heat sealed with no easy-open tab, dimple, corner, or flap as to make it difficult for a child to open and as a tamper-proof measure. Marijuana-infused product in liquid form may also be sealed using a metal crown cork style bottle cap.

(8) A processor may provide a retailer free samples of usable marijuana packaged in a sample jar protected by a plastic or metal mesh screen to allow customers to smell the product before purchase. The sample jar may not contain more than three and one-half grams of usable marijuana. The sample jar and the usable marijuana within may not be sold to a customer and must be ~~((either))~~ returned to the licensed processor who ~~((provide))~~ provided the usable marijuana and sample jar ~~((or destroyed by the retailer after use in the manner described in WAC 314-55-097 and noted in the traceability system))~~.

(9) A producer or processor may not treat or otherwise adulterate usable marijuana with any organic or nonorganic chemical or other com-

pound whatsoever to alter the color, appearance, weight, or smell of the usable marijuana.

(10) Labels must comply with the version of NIST Handbook 130, Uniform Packaging and Labeling Regulation adopted in chapter 16-662 WAC.

**(11) All usable marijuana when sold at retail must include accompanying material that contains the following warnings that state:**

(a) "Warning: This product has intoxicating effects and may be habit forming. Smoking is hazardous to your health";

(b) "There may be health risks associated with consumption of this product";

(c) "Should not be used by women that are pregnant or breast feeding";

(d) "For use only by adults twenty-one and older. Keep out of reach of children";

(e) "Marijuana can impair concentration, coordination, and judgment. Do not operate a vehicle or machinery under the influence of this drug";

(f) Statement that discloses all pesticides applied to the marijuana plants and growing medium during production and processing.

**(12) All marijuana-infused products sold at retail must include accompanying material that contains the following warnings that state:**

(a) "There may be health risks associated with consumption of this product";

(b) "This product is infused with marijuana or active compounds of marijuana";

(c) "Should not be used by women that are pregnant or breast feeding";

(d) "For use only by adults twenty-one and older. Keep out of reach of children";

(e) "Products containing marijuana can impair concentration, coordination, and judgment. Do not operate a vehicle or machinery under the influence of this drug";

(f) "Caution: When eaten or swallowed, the intoxicating effects of this drug may be delayed by two or more hours";

(g) Statement that discloses all pesticides applied to the marijuana plants and growing medium during production of the base marijuana used to create the extract added to the infused product; and

(h) Statement that discloses the type of extraction method, including any solvents, gases, or other chemicals or compounds used to produce or that are added to the extract.

**(13) Labels affixed to the container or package containing usable marijuana sold at retail must include:**

(a) The business or trade name and Washington state unified business identifier number of the licensees that produced, processed, and sold the usable marijuana;

(b) Lot number;

(c) Concentration of THC, THCA, CBD, including a total of active cannabinoids (potency profile);

(d) Net weight in ounces and grams or volume as appropriate;

(e) Warnings that state: "This product has intoxicating effects and may be habit forming";

(f) Statement that "This product may be unlawful outside of Washington state";

(g) Date of harvest((-)); and

(h) The board may create a logo that must be placed on all usable marijuana and marijuana-infused products.

(14) **Sample label mock up for a container or package containing usable marijuana sold at retail with required information:**

(15) **Labels affixed to the container or package containing marijuana-infused products sold at retail must include:**

(a) The business or trade name and Washington state unified business identifier number of the licensees that produced, processed, and sold the usable marijuana;

(b) Lot numbers of all base marijuana used to create the extract;

(c) Batch number;

(d) Date manufactured;

(e) Best by date;

(f) Products meant to be eaten or swallowed, recommended serving size and the number of servings contained within the unit, including total milligrams of active tetrahydrocannabinol (THC), or Delta 9;

(g) Net weight in ounces and grams, or volume as appropriate;

(h) List of all ingredients and any allergens;

(i) "Caution: When eaten or swallowed, the intoxicating effects of this drug may be delayed by two or more hours.";

(j) If a marijuana extract was added to the product, disclosure of the type of extraction process and any solvent, gas, or other chemical used in the extraction process, or any other compound added to the extract;

(k) Warnings that state: "This product has intoxicating effects and may be habit forming";

(l) Statement that "This product may be unlawful outside of Washington state";

(m) The board may create a logo that must be placed on all usable marijuana and marijuana-infused products.

(16) **Sample label mock up (front and back) for a container or package containing marijuana-infused products sold at retail with required information:**

(Front of label)

UBI: 1234567890010001

Batch#: 5463

*The Best Resins*

*Space cake*

**CAUTION: when eaten the effects of this product can be delayed by as much as two hours.**

Net weight: 6oz (128grams)

**THIS PRODUCT IS UNLAWFUL OUTSIDE WASHINGTON STATE**

(Back of label)

Manufactured at: 111 Old Hwy Rd., Mytown, WA on 1/14/14 Best by 2/1/14

**INGREDIENTS:** Flour, Butter, Canola oil, Sugar, Chocolate, Marijuana, Strawberries,  
**CONTAINS ALLERGENS:** Milk, Wheat,

Serving size: 10 MG of THC

This product contains 10 servings and a total of 100 MG of THC

**Warning- This product has intoxicating effects and may be habit forming**
