**Title of rule and other identifying information:** (describe subject) WAC 314-55-015 General information about cannabis licenses.

The proposed rule language amends WAC 314-55-015 to allow persons under 21 years of age (minors) on the licensed premises of cannabis producers and processors provided certain conditions are met. The proposed rule language allows 2 groups of minors on the licensed premises: 1. Children and grandchildren of licensees who are under 16 years of age, and 2. Employees of licensed or registered contractors who are between the ages of 18 and 20 years. This rulemaking is the result of rulemaking petitions accepted by the Washington State Liquor and Cannabis (LCB) in 2022. One of these petitions sought to make permanent an LCB temporary COVID allowance put in place to accommodate licensees during school and childcare closures. Statute does not prohibit persons under 21 years of age on licensed premises of cannabis producers and processors, as it does under RCW 69.50.357 for licensed cannabis retailers.

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:** This rulemaking is in response to two petitions the Liquor and Cannabis Board (LCB) accepted in August 2022 requesting to amend WAC 314-55-015 to allow persons under 21 years of age on the licensed premises of cannabis producers and processors under certain conditions. One petition requested to make permanent a temporary COVID 19 allowance adopted by the LCB that allowed children and grandchildren of licensees under 16 years of age on the licensed premises. A second petition requested to allow employees under 21 years of age working for contractors who are on the premises conducting trade-related work such as electrical, plumbing, and construction.

Under state statute, minors under 21 years of age are not explicitly prohibited from being on the premises of licensed cannabis producers and processors. RCW 69.50.357 prohibits persons under the age of 21 on licensed cannabis retailers only, except for qualifying patients. WAC 314-55-015 requires that applicants, licensees, and employees working in licensed cannabis establishments be at least 21 years of age, except as provided in RCW 69.50.357. As minors are not explicitly excluded from licensed premises of producers and processors in state statute, the petitions requested that WAC 314-55-015 be amended to allow two groups of persons under 21 years of age on the premises: children and grandchildren of licensees who are under 16 years of age, and employees of contractors conducting trade-related work while on the premises.

Rule changes incorporate conditions that were included as part of the temporary COVID allowance including that children and grandchildren of licensees be under 16 years of age and that they must not possess any products associated with the production, processing, or sales of cannabis.

For children and grandchildren of licensees, additional conditions include that they do not enter or remain in areas where cannabis is present, they are under direct supervision of the licensee while on the premises, and licensee must notify the enforcement and education division of the LCB prior to child(ren) being present including times when child(ren) may be present. Language requiring supervision of children and grandchildren by licensees is similar to language that exists in RCW 66.24.145 related to age restrictions for craft distilleries.

For employees of contractors, conditions include that the person is at least 18 years of age, they are employed by a licensed plumbing contractors under chapter 18.106 RCW, a licensed electrical contractor under chapter 19.28 RCW, or a contractor registered with the Washington state Department of Labor & Industries as required under chapters 18.27 RCW and 296-200A WAC, they are only on premises during the course of their official employment, they must wear an identification badge as required under WAC 314-55-083, and is accompanied by a supervisor at all times who is 1) employed by the same licensed or registered contractor and 2) who is at least 21 years of age. Licensees must record in their visitor log whether a contractor employee is under 21 years of age and the name of the contractor business.

### (3) Small business economic impact statement: *Complete this section if any portion is not exempt.*

If any portion of the proposed rule is **not exempt**, does it impose more-than-minor costs (as defined by RCW 19.85.020(2)) on businesses?

- No Briefly summarize the agency's minor cost analysis and how the agency determined the proposed rule did not impose more-than-minor costs. The proposed rule would impose a cost to small businesses if they became out of compliance under WAC 314-55-522, WAC 314-55-523, or WAC 314-55-525. Otherwise, no other costs to business are expected.

Using NAICS code 111419 for cannabis grown under cover, the US Census North American Industry Classification System (NAICS) describes this code for "This U.S. industry comprises establishments primarily engaged in growing food crops (except mushrooms) under glass or protective cover." The US Census NAICS code description at <https://www.census.gov/naics/?input=cannabis&year=2022&details=111419>, identifies cannabis grown under cover as an example of a business that uses this code.

Using NAICS code 111918 for cannabis grown in an open field, the US Census North American Industry Classification System (NAICS) describes this code for "This U.S. industry comprises establishments primarily engaged in one of the following: (1) growing crops (except oilseeds and/or grains; vegetables and/or melons; fruits and/or tree nuts; greenhouse, nursery, and/or floriculture products; tobacco; cotton; sugarcane; hay; sugar beets; or peanuts); (2) growing a combination of crops (except a combination of oilseed(s) and grain(s); and a combination of fruit(s) and tree nut(s)) with no one crop or family of crops accounting for one-half of the establishment's agricultural production (i.e., value of crops for market); or (3) gathering tea or maple sap." The US Census NAICS code description at <https://www.census.gov/naics/?input=cannabis&year=2022&details=111918> identifies cannabis grown in an open field as an example of a business that uses this code.

Using NAICS code 424590 for cannabis merchant wholesalers, the US Census NAICS describes this code for “This industry comprises establishments primarily engaged in the merchant wholesale distribution of farm products (except grain and field beans, livestock, raw milk, live poultry, and fresh fruits and vegetables).” The US Census NAICS code description at <https://www.census.gov/naics/?input=cannabis&year=2022&details=424590> identifies cannabis merchant wholesalers, as an example of a business that uses this code.

LCB estimates there would be no cost associated with implementing this rule except if a business is found to be out of compliance. Under [RCW 34.05.110\(4\)\(a\)](#), an agency is not required to waive a fine or penalty to correct a violation if the violation presents a direct danger to the public health. Because violations under WAC 314-55-522 pertain to potential threats to public health, we applied an estimated compliance cost of \$1250 for a first violation when analyzing whether the rules would have a disproportionate impact on small businesses as defined in RCW 19.85.020(3).

The data below are provided by reference to the minor-cost threshold calculator provided by the Office of Regulatory Innovation & Assistance available at [https://www.oria.wa.gov/Portals/\\_oria/VersionedDocuments/RFA/Regulatory\\_Fairness\\_Act/Minor-Cost-Threshold-Calculator.xlsx](https://www.oria.wa.gov/Portals/_oria/VersionedDocuments/RFA/Regulatory_Fairness_Act/Minor-Cost-Threshold-Calculator.xlsx)

2022 Industry NAICS Code	Estimated Cost of Compliance	Industry Description	NAICS Code Title	Minor Cost Estimate	1% of Avg Annual Payroll (Threshold)	0.3% of Avg Annual Gross Business Income (Threshold)
111419	\$1250.00	Cannabis, grown under cover	Other Food Crops Grown Under Cover	\$3,259.51	\$3,259.51 2021 Dataset pulled from ESD	\$3,195.50 2021 Dataset pulled from DOR
111998	\$1250.00	Cannabis, grown in an open field	All Other Miscellaneous Crop Farming	\$11,775.64	\$11,775.64 2021 Dataset pulled from ESD	\$2,882.31 2021 Dataset pulled from DOR
424590	\$1250.00	Cannabis merchant wholesalers	Other Farm Product Raw Material Merchant Wholesalers	\$8,809.55	\$3,948.77 2021 Dataset pulled from ESD	\$8,809.55 2021 Dataset pulled from DOR

As the table demonstrates, the estimated cost of compliance does not exceed the minor cost thresholds for any of the potential NAICS codes applicable to cannabis licensees. Therefore, implementation of this amended rule is not anticipated to result in more than minor costs on businesses as defined in RCW 19.85.020(2).
