- Complete required fields.
- Submit forms.

View Assigned Tasks to Submit Documents

A submission is a file, document, or form you submit in the LCB Portal. Submissions are used to process your pending applications. If the LCB needs more information from you, you will be assigned a Submission Task. You can see these tasks in the My Submission tab or in the Portal Home Dashboard:

1 1. My Submissions (Tab on Top)

In this tab, a list of pending submissions (items you'll need to submit) for your applications will be displayed, if there are any.

2 My Submissions (Portal Home Dashboard)

In the **Home** tab, you will see the **Portal Home Dashboard**, which displays key information about the account you are currently logged in to. In this Dashboard, you will be able to find **My Submissions**, a list of pending documents needed to process your applications.

Types of Submissions

There are three different types of submissions in the LCB Portal:

- **Upload:** Files you can upload directly from your device into the Portal. Review the **Guidelines for Upload** below to learn more about number of files and file size allowed per submission.
- **Download:** Forms or templates you can download from the LCB Portal. The file will be downloaded to your device for you to fill out or sign. When you are done, you will upload the edited file to the Portal. You can learn more about downloading and uploading documents later in this User Guide, on **page 5**.
- **03** Fillable Forms: Forms that can be viewed, completed, and submitted directly in the Portal. You can learn more about fillable forms later in this User Guide, on **page 9**.

Guidelines for Uploads:

- The maximum file size of each submission is 2GB: This refers to the total combined file size of the files you're uploading.
- You can upload up to 10 files per submission: If you need to upload more than 10 files for a submission, you can combine several files into a single file before uploading, or you can contact your licensing specialist to get another submission request for the additional files.
- You cannot make corrections after you upload and submit your documents: If you forgot to include necessary information, contact your licensing specialist to get another submission request.

How to contact my assigned Specialist?

You can contact your Licensing Specialist through the Portal.

You can also submit a general request in the Portal. Review the **New Applications User Guide** on the <u>Portal Resources</u> page to learn more about submitting service requests for the Customer Service team.

Submit Documents

The Licensing Specialist processing your application may request additional documents to complete their review. Learn how to submit documents directly through the LCB Portal - if you have been asked to submit something in the My Submissions tab.

A confirmation message will appear confirming that your upload was successful. Click **Done**.

~

05 You can repeat **steps 3** and **4** to upload additional files, if needed. When ready, click **Close**. The pop-up window will close.

Note that after you close, you will not be able to upload additional documents for the submission. If you click on Close before you have uploaded all the requested submissions, please contact your Licensing Specialist to ask for another submission task.

Fillable Forms

Some requested submissions are fillable forms. You can fill them out and submit them directly in the Portal. The instructions below show you how to fill out forms in the Portal.
