

Uploading Packaging and Labeling Images

User Guide

Upload Submission for Packaging and Labeling

The LCB Portal let's you submit various label types when completing an application for Product Packaging and Labeling:

- 01 Submission:** Use this first **Submission** option to upload your files. Note that this option has an upload limit of 10 files. If you have more than 10 files to upload, use the **Additional Submissions** option.
- 02 Additional Submissions:** Use this option to upload the rest of your files.

Upload Submission

Please upload all files related to your application. This section has an upload limit of 10 files per each submission. If you have more than 10 files to upload, use the "additional submission" option to upload the rest of your files. Upload all related files. If a document type listed here does not apply, or you do not have the file now, click "Next" to move ahead with the upload process.

01 Packaging and Labeling Images for Cannabis-Infused Edibles
 Include images of individual product and packaging, outer packaging, and all artwork for labeling. Liquid products must include an image of the re-sealable closure or cap, along with an image of the measuring device.
