

KEY FOR ALL CANNABIS FLOOR PLANS

Surveillance Camera: You must have 100% camera coverage. If you do not have 360° cameras, you will need a minimum of two cameras in each room. Draw arrows to indicate all directions the camera is capturing.

Retail Display Case

Retail Point of Sale

Sight Obscured Fencing

Fencing

Security Alarm: Sensor that is required on all exterior doors and windows

Surveillance System Storage: Room, Closet, Lockbox or other secured location

Door or entry into a Retail and Non-Retail Premise

Window: All exterior windows require an alarm

Gate through fenced area: All gates require an alarm

IDENTIFY ALL ROOMS AND AREAS ON THE FLOOR PLAN TO INCLUDE THE FOLLOWING:

- **Grow Area** – Area where cannabis is grown
- **Processing Area** – Area where processing of any kind will occur
- **Security Room/Controlled Access Area** – All areas restricted to the general public
- **Waste Area** – Area waste will be held prior to destruction

Note: If architectural plans or any other form of floor plan is submitted, you must provide a key.
