

W A R N I N G

From the Liquor and Cannabis Board

AAP-8 10/17

Avoid alcohol during pregnancy.

Alcohol use during pregnancy may cause birth defects such as Fetal Alcohol Syndrome.

For more information about FAS please visit the Centers for Disease Control and Prevention at www.cdc.gov/ncbddd/fasd.

To re-order this sign, please send an email to EnfCustomerService@lcb.wa.gov.
