Release Notes

BUG FIX (13114) – A strain CSV that was submitted with errors was not generating the error email. This was fixed and deployed to the test environment. The system is now generating the appropriate error emails if applicable.

BUG FIX (13117) – An inventory transfer CSV that was submitted with errors was not generating the error email. This was fixed and deployed to the test environment. The system is now generating the appropriate error emails if applicable.

BUG FIX (13132) – A welcome email was sent to a user that was no longer associated as an approved user on a license. This was fixed and deployed to the test environment. If a user is removed as an approved user to upload on behalf of a license, they will no longer receive a welcome email.
