# Regarding 2019 Legislation Implementation and Rules Review for Chapter 314-38 WAC (Student Tastings/Permits)

Date:September 30, 2020Presented by:Audrey Vasek, Policy and Rules Coordinator

### Background

The Washington State Liquor and Cannabis Board (WSLCB) began to consider revisions to implement Engrossed House Bill (EHB) 1563 (Chapter 112, Laws of 2019; effective July 28, 2019) and to update, modernize, and clarify existing language in the permits chapter 314-38 WAC by initiating a formal rule inquiry under WSR # 19-12-037 on May 29, 2019.

Under chapter 314-38 WAC, the WSLCB may issue permits to certain entities to purchase, use, donate, or undertake other activities involving liquor, consistent with RCW 66.20.010 and 66.20.400. EHB 1563 amended the special permit for student tastings under RCW 66.20.010(12) to allow an enrolled student who is at least eighteen years of age to taste alcoholic beverages while on the premises of the college or university at which the student is enrolled, or while on a field trip to a grape-growing area or production facility, as long as the enrolled student is accompanied and supervised by a faculty or staff member with a mandatory alcohol server permit.

The proposed rule revisions amend, reorganize, clarify, and modernize the existing requirements related to permits. Specifically, the proposal consolidates and reorganizes existing sections related to the same permit types (e.g., by repealing WAC 314-38-010 and adding the repealed language to WAC 314-38-050); modernizes and clarifies language (e.g. by removing references to "class" titles and updating section captions); and adds references to authorizing statutes as appropriate. The proposal also revises WAC 314-38-060 to align existing rules with and implement the law as established by EHB 1563. These proposed revisions more clearly describe existing processes, and are anticipated to result in consistent rule application, interpretation, and guidance to support permit applicants.

The WSLCB estimates that these rules will not result in any new or additional costs of compliance or regulatory burden for permit applicants. There are no costs associated with this rule. No new permit fees or requirements are created,

and existing permit fees and requirements remain unchanged. Consistent with RCW 66.20.010(12), there is no fee for the special permit for student tastings.

## **Rule Necessity**

The proposed rules are needed to support WSLCB permit applicants by confirming existing standards through language clarification and modernization. The proposed rules are also needed to align existing rules with and implement the law as established by EHB 1563 concerning special permits for student tastings of alcohol. Revisions also include additional technical and clarifying updates.

## **Description of Rule Changes**

**Amended Section. WAC 314-38-020.** This amended section reaffirms, streamlines, and updates existing rule language related to the fees for permits authorized under RCW 66.20.010 and 66.20.400. Revisions include adding subsections (12) and (18). Section (12) clarifies that there is no fee for the special permit for student tastings and incorporates RCW 66.20.010(12) by reference. Subsection (18) clarifies that the fee for the day spa permit is established in a different rule section and incorporates the appropriate state statute and rule by reference. Revisions also include non-substantive technical and clarifying changes, such as rearranging the sentence structure from "The fee of X dollars is established for Y permit" to "The fee for Y permit is X dollars," and modernizing the style.

**Purpose of the proposal and its anticipated effects, including any changes in existing rules:** The proposed rule revisions amend, reorganize, clarify, and modernize the existing requirements related to permits. Specifically, the proposal consolidates and reorganizes existing sections related to the same permit types (e.g., by repealing WAC 314-38-010 and adding the repealed language to WAC 314-38-050); modernizes and clarifies language (e.g. by removing references to "class" titles); and adds references to authorizing statutes as appropriate. The proposal also revises WAC 314-38-060 to align existing rules with and implement the law as established by EHB 1563 concerning special permits for alcohol tastings by students at least eighteen years of age enrolled in certain degree-related programs at community or technical colleges, regional universities, or state universities. These proposed revisions more clearly describe existing processes, and are anticipated to result in increased access to and use of licensing resources by permit applicants, as well as consistent rule application, interpretation, and guidance to support permit applicant success.

**Reasons supporting proposal:** The proposed rules are needed to support WSLCB permit applicants by confirming existing standards through language clarification and modernization. The proposed rules are also needed to align existing rules with and implement the law as established by EHB 1563 concerning special permits for alcohol tastings by students at least eighteen years of age enrolled in certain degree-related programs at community or technical colleges, regional universities, or state universities. Revisions also include additional technical and clarifying updates.

The WSLCB estimates that these rules will not result in any new or additional costs of compliance or regulatory burden for permits applicants. There are no costs associated with this rule. No new permit fees or requirements are created, and existing permit fees and requirements remain unchanged. Consistent with RCW 66.20.010(12), there is no fee for the student tastings

permit in WAC 314-38-060 that allows alcohol tastings by students at least eighteen years of age enrolled in certain degreerelated programs at community or technical colleges, regional universities, or state universities.

### Student Tastings Permit

The WSLCB applied a nominal default cost of compliance of \$100 when analyzing whether the rules impose "more than minor costs" under RCW 19.85.030 on community or technical colleges, regional universities, or state universities that could potentially apply for a special permit under WAC 314-38-060, the portion of the rule proposal that aligns existing rule language with the law as established by EHB 1563. The calculations for minor cost thresholds for junior colleges; colleges, universities, and professional schools; and technical and trade schools are provided in the table below. The nominal default cost of compliance (\$100) does not exceed the minor cost threshold for any of these business types.

### Other Permits

The WSLCB also applied a nominal default cost of compliance of \$100 when analyzing whether the rules impose "more than minor costs" under RCW 19.85.030 on business types that could potentially apply for permits (other than the student tastings permit) under chapter 314-38 WAC. A wide range of businesses can potentially apply for permits under chapter 314-38 WAC, including physicians, dentists, and hospitals (RCW 66.20.010(1)); mechanical or manufacturing businesses (RCW 66.20.010(2)); wineries, distilleries, and breweries (WAC 314-38-080, WAC 314-28-090, and WAC 314-38-095; RCW 66.20.010(5), (13), (14), and (15)); pharmacies and drug stores (RCW 66.20.010(6)); military installations (RCW 66.20.010(7)); manufacturers, importers, or distributors (RCW 66.24.010(9) and (10)); bed and breakfast lodging facilities (RCW 66.20.010(11)); and day spas (WAC 314-38-070; RCW 66.20.400). The calculations for minor cost thresholds for these business types are provided in the table below. The nominal default cost of compliance (\$100) does not exceed the minor cost threshold for any of the potentially impacted business types.
