Purpose of the proposal and its anticipated effects, including any changes in existing rules:

HB 2826 provides that the Board may adopt rules prohibiting any type of marijuana vapor product device, or prohibit the use of any type of additive, solvent, ingredient, or compound in the production and processing of marijuana products, including marijuana vapor products. Proposed new rule section, WAC 314-55-550, establishes a procedure for the Board to monitor, evaluate and prohibit devices or additives used in conjunction with marijuana vapor products, consistent with HB 2826 and codified in RCW 69.50.342(1)(m). The proposed rule also amends WAC 314-55-010(4) and (40), adding definitions for "characterizing flavor" and "terpenes." Proposed new rule section, WAC 314-55-1055, makes current emergency rules, originally adopted on October 16, 2019, under WSR 19-21-100 and most recently re-adopted September 16, 2020, under WSR 20-19-083 permanent. The proposed new rule section requires marijuana processors and producers to disclose all compounds, including but not limited to ingredients, solvents, additives, preservatives, thickening agents, terpenes, and other substances used to produce or added to marijuana concentrates for inhalation or marijuana-infused extracts for inhalation at any point during production and processing, regardless of source or origin. Disclosure must be made to the board on forms provided by the board, consistent with HB 2826 and codified in RCW 69.50.342(1)(n).

Reasons supporting proposal: New rule sections and amendment to existing rule is necessary to allow the WSLCB to implement marijuana vapor product regulation consistent with HB 2826, and to establish definitions for terms including, but not limited to "characterizing flavor," botanical terpenes," and others.

Statutory authority for adoption: RCW 69.50.342; RCW 69.50.345

Statute being implemented: HB 2826 (Chapter 133, Laws of 2020), now codified in RCW 69.50.101, RCW 69,50.327, RCW 69.50.342

COMPLETE THIS SECTION ONLY IF NO EXEMPTION APPLIES

If the proposed rule is **not exempt**, does it impose more-than-minor costs (as defined by RCW 19.85.020(2)) on businesses?

No Briefly summarize the agency's analysis showing how costs were calculated.

Licensing Costs: There are no licensing costs associated with this rule. The rule does not impose any additional regulatory burden on applicants or licensees, nor does it change, modify, add cost or otherwise alter the license application process. Thus, licensing costs were not included in this calculation.

Administrative Costs: WSLCB estimates it will take a producer or processor licensee around one hour for each submitted ingredient disclosure form and any related phone calls or communications with agency staff. It will not be necessary for a retail licensee to submit a disclosure form. Producer and processor licensees must disclose all ingredients used in the production of marijuana concentrates for inhalation and marijuana-infused extracts for inhalation, and forms must be updated whenever there is any change in product composition. If a producer or processor submits an ingredient disclosure

form up to two times a month, they could spend up to 24 hours per year on product disclosure forms. [1 hour per form x 24 forms per year = 24 hours per year]

According to the 2019 OES Databook (<https://esd.wa.gov/labormarketinfo/report-library>), the average hourly wage in Washington State for Secretaries and Administrative Assistants, Except Legal, Medical, and Executive (using the SOC Code 43-6014) is \$21.31. The estimated annual cost for these administrative activities is up to \$511.44 [$\$21.31 \text{ avg. hourly wage} \times 24 \text{ hours} = \511.44].

Below are calculations for minor cost thresholds across all impacted license types based on the best analogous NAICS types. The minor cost does not exceed any of the thresholds for any of the license types. For these reasons, the proposed rules do not impose more than minor costs on businesses as defined by RCW 19.85.020(2).

2017 Industry NAICS Code	Estimated Cost of Compliance	Industry Description	NAICS Code Title	Minor Cost Estimate - Max of 1%Pay, 0.3%Rev, and \$100	1% of Avg Annual Payroll . (0.01*AvgPay)	0.3% of Avg Annual Gross Business Income (0.003*AvgGBI)
31199	\$ 511.44	Marijuana Processors	All Other Food Manufacturing	\$27,271.78	\$9,424.11 2018 Dataset pulled from USBLS	\$27,271.78 2018 Dataset pulled from DOR
111	\$ 511.44	Marijuana Producers	Crop Production	\$4,082.13	\$4,082.13 2018 Dataset pulled from USBLS	\$2,998.38 2018 Dataset pulled from DOR

Yes Calculations show the rule proposal likely imposes more-than-minor cost to businesses, and a small business economic impact statement is required. Insert statement here:
