Title of rule and other identifying information: (describe subject) Title 314 WAC – Liquor and Cannabis Board. The Washington State Liquor and Cannabis Board is updating obsolete building, email, and web addresses in Title 314 WAC, including the following eight sections: WAC 314-20-018, 314-24-175, 314-42-001, 314-55-073, 314-60-015, 314-60-025, 314-60-070, and 314-60-080.

Purpose of the proposal and its anticipated effects, including any changes in existing rules: The purpose of this proposed expedited rulemaking is to update obsolete building, email, and web addresses in Title 314 WAC. Expedited Adoption - Which of the following criteria was used by the agency to file this notice:

- Relates only to internal governmental operations that are not subject to violation by a person;
- Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;
- Corrects typographical errors, make address or name changes, or clarify language of a rule without changing its effect;
- Content is explicitly and specifically dictated by statute;
- Have been the subject of negotiated rule making, pilot rule making, or some other process that involved substantial participation by interested parties before the development of the proposed rule; or
- Is being amended after a review under RCW 34.05.328.

Expedited Repeal - Which of the following criteria was used by the agency to file notice:

- The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;
- The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;
- The rule is no longer necessary because of changed circumstances; or
- Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

Explanation of the reason the agency believes the expedited rule-making process is appropriate pursuant to RCW 34.05.353(4): The expedited rule-making process is appropriate for this rule proposal because the amendments meet the criteria in RCW 34.05.353(1)(c): these proposed rules only make address changes.

(A) The applicant must submit complete and accurate additional application materials directly to the reviewer within 30 days of the date of the application letter from the WSLCB or by the date indicated on the application letter. It is the responsibility of the research license applicant to comply with the application requirements in this section and ensure the application is complete, accurate, and successfully submitted to the reviewer.

(VII) Facilities, equipment, and other resources required and available for conducting the proposed research project(s).

(C) A biosketch for each individual involved in executing the proposed research project limited to two pages per individual performing technical and administrative functions essential to performing the proposed research, including proof that the individual is 21 years of age or older. (D) The scientific reviewer may require the applicant to submit to a site inspection. The site inspection may occur after the initial review and before the license is issued to evaluate the adequacy of the location, facilities, or equipment to complete the proposed project.

(iii) The reviewer will assess fees for the review of the research project proposal directly to the applicant pursuant to RCW 69.50.372(7). The reviewer will not recommend approval of an application for any research license for which an unpaid balance of fees to the reviewer is due regardless of the recommendation of the reviewer regarding the sufficiency of the research project.

(iv) If at any time during the process of review the reviewer finds that the additional application materials are not complete, the reviewer will notify the WSLCB in writing and the WSLCB will withdraw the application.

(v) The reviewer will supply a written evaluation to the WSLCB in writing after completing review of the research project. Evaluations will provide the approval recommendation status; determination(s) of the applicable research category or categories; and, as applicable, the reasons for a "Not Approved" recommendation. The WSLCB will provide written evaluations to applicants following completion of the review process by the reviewer along with the WSLCB's approval or denial of the research license.

(ii) The additional application materials are not timely received by the reviewer as provided in this section; or

(iii) The applicant(s) request withdrawal of a research license application at any time in the application process. The applicant must request the withdrawal in writing and is responsible for any review costs due to the reviewer. The voluntary withdrawal of a research license application does not result in a hearing right.

(b) The WSLCB will deny a research license if:

(i) The scientific reviewer does not recommend approval of the license after reviewing the research proposal for compliance with this section or RCW 69.50.372;

(ii) The applicant does not meet the requirements for a license under this section or RCW 69.50.372; or

(iii) The applicant provides false or misleading information in any of the materials it submits to the WSLCB or the reviewer.

(c) If the WSLCB denies a research application for the reasons provided in (b)(iii) of this subsection or for failing to meet criminal history or administrative violations requirements under this section, the applicant(s) is prohibited from reapplying for a research license for one calendar year from the date of the WSLCB's denial of the license.

(d) A person or entity that has outstanding unpaid review fees owing to the scientific reviewer is prohibited from reapplying for a research license until all review fees are paid to the scientific reviewer.

Incomplete project applications will not be considered.

(c) The reviewer will review the application for a new research project or change to an existing approved research project pursuant to subsection (2)(c) of this section. The reviewer will supply a written evaluation to the WSLCB and the licensee in writing after completing review of the application for a new research project or a change to an existing approved research project. Evaluations will provide the approval recommendation status; determination(s) of the applicable research category or categories; and, as applicable, the reasons for a "Not Approved" recommendation.

(6) Research license renewals.

(a) Research license renewals operate on an annual basis, based on the license issuance date. A licensee must have an ongoing approved research project or an application for a new research project to be eligible for license renewal. The WSLCB will notify the licensee and reviewer 90 days prior to the license renewal date. The licensee must provide a status report to the reviewer or an application for a new research project if the licensee's ongoing approved research project will end within 30 days prior to or after the renewal date. The status report or application must be received by the reviewer within 30 days of the 90-day renewal notice from the WSLCB or the license will not be renewed.

(b) The reviewer will notify the WSLCB in writing if the licensee meets the requirements for renewal not later than 15 days prior to the licensee's renewal date.

(c) If the reviewer determines that the research project does not meet requirements for renewal due to lack of an ongoing project or for failure to meet the requirements of RCW 69.50.372 or this section for a proposed new project, the reviewer will recommend the WSLCB not renew the license.

(d) The WSLCB will review the licensee's violation history and criminal background check prior to renewal. If the violation history or criminal records disqualifies the licensee from eligibility for a research license under WAC 314-55-050, the WSLCB will not renew the license.

(7) **License revocation.**

(a) The WSLCB may revoke an application for the following reasons:

(ii) The research licensee operates outside the scope of the research project(s) approved under the license issued to the licensee;

(iii) The applicant makes a misrepresentation of fact, or fails to disclose a material fact to the WSLCB during the application process or any subsequent investigation after a license has been issued;

(vii) The licensee violates any provision of chapter 69.50 RCW or this chapter.

(b) A licensee may request voluntary cancellation of a license at any time. The licensee must request cancellation of a research license to the WSLCB in writing. The voluntary cancellation of a research license does not result in a hearing right.

(8) **Cannabis disposal requirements.**

(a) Licensees must dispose of cannabis as provided in WAC 314-55-097.

(b) Licensees must dispose of cannabis if the research license is discontinued for any reason. A licensee may transfer plants to another cannabis research licensee. A licensee may work with the WSLCB to dispose of cannabis or cannabis plants.
