Topic: Petition for Adoption, Amendment, or Repeal of a State Administrative Rule – (WAC 314-55-035) Employee Stock Ownership Plans (ESOP)

Date: May 22, 2024

Presented by: Daniel Jacobs, Policy & Rules Coordinator

DISCLAIMER

This response to a petition for adoption, repeal or amendment of a state administrative rule is drafted pursuant to [RCW 34.05.330](#) and [chapter 82.05 WAC](#). This is for general information purposes only and should not be construed as legal advice or individual advice for specific problems.

Background

On March 26, 2024, Vicki Christopherson on behalf of the Washington Cannabusiness Association, submitted a petition for rulemaking to the Washington State Liquor and Cannabis Board (Board) requesting the Board initiate rulemaking to consider amending [WAC 314-55-035](#) to specifically contemplate an Employee Stock Ownership Plan (ESOP) business model for owning cannabis licensees and identify who and/or what in relation to an ESOP counts as a “true party of interest.”

Submitted with the Petition form was a letter included here:

This petition seeks to amend WAC 314-55-035 to (1) specifically contemplate cannabis businesses providing stock in their companies to their employees through Employee Stock Ownership Plans (ESOPs) and (2) establish who in a licensed business with an ESOP must be vetted as a “true party of interest.” Cannabis entrepreneurs should have the option of establishing an ESOP. Allowing Employee Stock Ownership Plans (ESOPs) as a viable option for cannabis businesses that brings new opportunities for both business owners and their valued employees.

Stock ownership is offered as a meaningful employee benefit in a variety of industries and could similarly be offered to cannabis employees. In addition to competitive salaries and comprehensive benefits, ESOP companies provide employees with unique wealth-building opportunities through stock ownership. This ensures that employees not only share in the success of the company but also have a pathway to financial security and prosperity. Stock ownership makes employees feel more a part of the success of the business and motivates performance.

ESOPs also benefit the companies that offer them. They serve as catalysts for enhanced employee engagement, paving the way for heightened productivity, innovation, and retention, all of which are vital for fostering superior business performance and sustainable growth. They also allow cannabis businesses to compete for talent in the workforce that may have a path to stock ownership in other industries.

Under the current rule, every employee with stock under an ESOP—no matter how small the percentage of ownership—would need to be vetted. This is simply impractical for the business, the employees, and the LCB. Therefore, who is a “true party of interest” must also be revised. The LCB can still ensure that the actual people that control the company—i.e., the larger shareholders and board/officers—are properly vetted and licensed.

The introduction of ESOPs for cannabis businesses represents a transformative opportunity to empower employees, foster job satisfaction, and promote long-term stability for cannabis businesses that choose to offer them. This can be accomplished with simple changes to the WAC while still preserving the integrity of true party of interest provisions and the LCB’s licensing mandate and processes.

Issue

Whether the Board should accept the petition to initiate the rulemaking process to consider amending WAC 314-55-035 to address the ESOP ownership model and who and/or what needs to be vetted as a “true party of interest.”

Statutes & Regulations

Legislation

Substitute Senate Bill 5096 ([chapter 392, Laws of 2023](#)) is known as the Expanding Employee Ownership Act and provided a statutory definition of “Employee Stock Ownership Plan” in Washington law.

Statutes

[26 USC § 280E](#) states that no deduction or credit shall be allowed for any amount paid or incurred during the taxable year in carrying on any trade or business if such trade or business (or the activities which comprise such trade or business) consists of trafficking in controlled substances (within the meaning of schedule I and II of the Controlled Substances Act) which is prohibited by Federal law or the law of any State in which such trade or business is conducted.

[26 USC § 4975\(e\)\(7\)](#) defines an “employee stock ownership plan” as a defined contribution plan which

- (A) which is a stock bonus plan which is qualified, or a stock bonus and a money purchase plan both of which are qualified under section 401(a), and which are designed to invest primarily in qualifying employer securities; and
- (B) which is otherwise defined in regulations prescribed by the Secretary.

A plan shall not be treated as an employee stock ownership plan unless it meets the requirements of section 409(h), section 409(o), and, if applicable, section 409(n) and

section 664(g) and, if the employer has a registration-type class of securities (as defined in section 409(e)(4)), it meets the requirements of section 409(e).

[RCW 69.50.342](#) identifies the rulemaking authority the Board has over matters related to cannabis.

[RCW 82.04.4488\(6\)\(c\)](#) states that "Employee stock ownership plan" has the same meaning as set forth in 26 U.S.C. Sec. 4975(e)(7), as of July 1, 2024.

Regulations

[WAC 314-07-035](#) is the true parties of interest rule for alcohol licensees.

[WAC 314-55-035](#) states that [a] cannabis license must be issued in the name(s) of the true party(ies) of interest. The board may conduct an investigation of any true party of interest who exercises control over the applicant's business operations. This may include financial and criminal background investigations.

[WAC 314-55-035\(1\)](#) states that [t]rue parties of interest must qualify to be listed on the license, and meet residency requirements consistent with this chapter. For purposes of this title, "true party of interest" means:

Entity	True party(ies) of interest
Sole proprietorship	Sole proprietor
General partnership	All partners
Limited partnership, limited liability partnership, or limited liability limited partnership	All general partners All limited partners
Limited liability company (LLC)	All LLC members All LLC managers
Privately held corporation	All corporate officers and directors (or persons with equivalent title) All stockholders
Multilevel ownership structures	All persons and entities that make up the ownership structure
Any entity(ies) or person(s) with a right to receive revenue, gross profit, or net profit, or exercising control over a licensed business	Any entity(ies) or person(s) with a right to receive some or all of the revenue, gross profit, or net profit from the licensed business during any full or partial calendar or fiscal year Any entity(ies) or person(s) who exercise(s) control over the licensed business
Nonprofit corporations	All individuals and entities having membership rights in accordance with the provisions of the articles of incorporation or bylaws

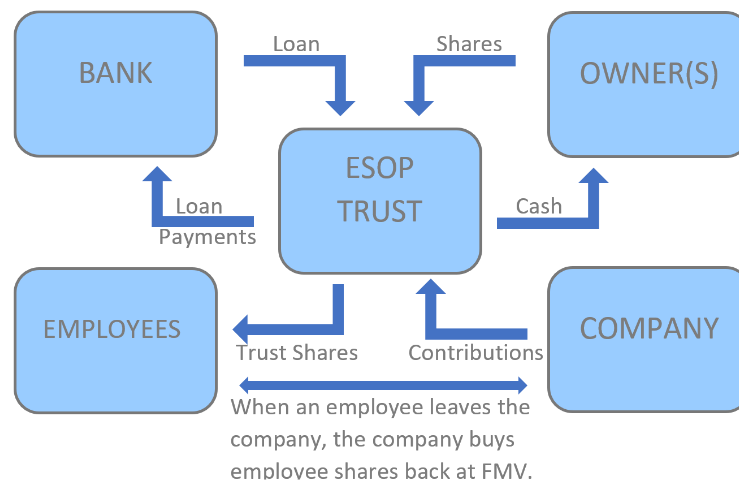

[WAC 314-55-035\(3\)\(b\)](#) defines a financial institution as any bank, mutual savings bank, consumer loan company, credit union, savings and loan association, trust company, or other lending institution under the jurisdiction of the department of financial institutions.

[WAC 314-55-035\(4\)\(g\)](#) states that, for purposes of this chapter, “true party of interest” does not include a financial institution.

Analysis

During the 2023 legislative session, the Washington state legislature passed [Substitute Senate Bill 5096](#) (known as the Expanding Employee Ownership Act) which defines an Employee Stock Ownership Plan (ESOP) by pointing to a federal statute, 26 USC § 4975(e)(7), which in turn defines it as a stock bonus contribution plan that meets a whole host of federal requirements.

The below is a diagram of how the basic structure of the financial arrangements that create an ESOP work:

1

In lay terms, an ESOP is a tax-qualified retirement plan that owns company stock.² A “sponsoring employer”, in this case, a cannabis licensee, will form an ESOP trust, and fund it, typically via loan. Those funds are used to buy the company’s shares, place them in the ESOP, along with annual financial contributions. Each year as the loan is paid down, the company adds shares pro rata to the employees’ ESOP accounts, based on how long they’ve been at the company. When an employee leaves, they get those shares held in the trust, which the company then buys from them at what is then fair market value

(FMV). Thus, the longer the employee is at the company, the more shares they have in their ESOP trust account when they leave, and assuming each share is worth more by virtue of the company hopefully being worth more when they leave, this “retirement benefit” increases in value over time.³

Cannabis businesses, unlike all other businesses, are prohibited from deducting regular business expenses by 26 USC § 280E, which bars deductions for any business in the trade of “trafficking” in controlled substances as defined by the Controlled Substances Act, of which cannabis is still classified as Schedule I.

However, a company whose shares are entirely in an ESOP trust S-corporation (a closely-held entity that makes pass through elections on business incomes, deductions, credits etc., to its shareholders) is exempt from federal income tax. As such, an entity that is exempt from federal income tax does not need to worry about being barred from taking any federal income tax deductions, and thus can avoid the tax problems created by § 280E.

A quick online search of the terms “cannabis” and “ESOP” produces numerous results and recent news stories indicating that the avoidance of the § 280E tax burden is a primary motivating concern for cannabis businesses in their desire for ESOP formation.⁴ This topic is even the subject of a webinar scheduled to occur the day before this petition response is scheduled to be presented.⁵

While several cannabis licensees have approached Board agency staff in various settings about whether an ESOP structure would be approved by the Licensing division, no ESOP structure has been formally submitted to Licensing for approval. Preliminary discussions identified concerns with the true party of interest (TPI) analysis, and what type of entity an ESOP trust would qualify as under WAC 314-55-035. While some licensees have suggested that an ESOP trust would qualify as a financial institution under WAC 314-55-035(3)(b), and therefore not a true part of interest under WAC 314-55-035(4)(g), this theory has not been tested in practice.

The primary concern lies in the ESOP structure where the participating employees have a degree of control through trust management documents that is required by federal regulations for proper tax treatment and consideration as an ESOP. However, this same level of control may trigger TPI questions and thus the possibility that every participating employee would need to meet TPI requirements, such as Washington state residency.

The petitioner seeks to clarify this position by requesting rule language stating that participating employees in an ESOP do not need to be vetted per the TPI process solely by virtue of their participation in an ESOP.

Licensing staff having already flagged concerns, accepting the petition does not necessarily predetermine that changes to the rule language in WAC 314-55-035 would or should occur. However, due to the complexity of this topic, and the overlapping regulatory authorities of state and federal agencies, further exploration of this possible entity structure and how it could potentially comply with existing Washington state cannabis regulations would best be done through the formal rulemaking process.

Having reached out to multiple state agencies that regulate financial entities, Director's office staff have learned that the Department of Revenue is in the process of implementing [SSB 5096](#) and should the Board decide to approve this petition, such rulemaking would need to coordinate with the Department of Revenue, and likely other agencies involved in SSB 5096, such as the Department of Financial Institutions, Department of Commerce, and potentially the Secretary of State.

It should be noted SSB 5096 identifies the legislative intent is to encourage the growth of employee ownership structures through this expanding employee ownership act.

Divisional Coordination

Licensing – The Licensing division notes that changing the rule as requested would be a large policy shift and would require updates to licensing processes, forms, and letters. Licensing is unsure how the division would verify certain statutory requirements such as [RCW 69.50.325](#) which limits ownership or control to no more than five retailers, [RCW 69.50.328](#) which prohibits any cross-tier direct or indirect financial interest, and [RCW 69.50.339](#) requiring the licensee to submit to the board and obtain approval of any stock ownership change more than ten percent. Should this petition be accepted, the Licensing division would like to have further discussions to understand how this change might impact the social equity program.

Enforcement & Education – The Enforcement & Education division identified several potential concerns resulting if this rulemaking were to proceed and with potentially changing the rule language as requested by the Petitioner. It could create a significant impact with hidden ownership investigations if all “owners,” “TPI” or other “vested” parties are not properly vetted into licensing requirements. This may create additional barriers in investigating a member of an ESOP regarding hidden ownership or undue influence under this new petition. Out of state and unvetted partial owners are already a concern and this rule change would add challenges in investigating this if they are not considered a “larger shareholder.”

Additional issues may be seen including money laundering using employee contributions and payments as layering, and undue influence by use of ESOP or the benefit of.

If rule changes are to be made to the TPI rule, the Enforcement & Education division would recommend amending WAC 314-55-035 to align it as closely with [WAC 314-07-035](#) as possible. The language used in any potential revisions should define that people exercising control over the business have to be vetted. If a managers or supervisors have significant shares and are exercising control, then those people should be vetted. WAC 314-07-035 currently includes much more detailed language about LLC members, TPIs, and privately held corporations that should be added to WAC 314-55-035.

Finance – no impacts on the Finance division immediately identified.

IT – no IT impacts immediately identified.

Public Health – no public health impacts have been identified that would result from this rulemaking, should the petition be accepted.

Interagency Coordination

Department of Financial Institutions (DFI) – will need to consult regarding implementation of SSB 5096.

Department of Revenue (DOR) – will need to consult regarding implementation of SSB 5096.

Department of Commerce (Commerce) – will need to consult regarding implementation of SSB 5096.

Department of Labor & Industries – no immediate impact identified.

Department of Health - no immediate impact identified.

Department of Agriculture – no immediate impact identified.

Department of Ecology – no immediate impact identified.

Sovereign to Sovereign Consultations

There has not been an immediate impact identified that may impact Tribal governments any more so than any other cannabis licensees. The tax consequences and considerations that provide much of the benefit to the ESOP structure may not be present with Tribal businesses.

Recommendation

The Director's Office recommends the Board accept the rulemaking petition submitted by Vicki Christopherson on March 26, 2024. Given the complexity of the issues involved, it is likely rule language changes will be needed to allow for cannabis business to utilize

ESOP entity structure and still comply with existing Washington cannabis regulations. Accepting the petition for rulemaking does not necessarily mean the rule language will be changed as requested by the Petitioner. Further, it should be noted any rule development by LCB may be dependent upon other agency's rule development, therefore the opening of a CR 101 may be delayed.

Board Action

After considering the recommendation of Director's Office staff, the Board accepts/denies the petition for rulemaking submitted by Vicki Christopherson on March 26, 2024.

Petition to Washington State Liquor and Cannabis Board: Introducing Employee Stock Ownership Plans (ESOPs) for Cannabis Businesses

This petition seeks to amend WAC 314-55-035 to (1) specifically contemplate cannabis businesses providing stock in their companies to their employees through Employee Stock Ownership Plans (ESOPs) and (2) establish who in a licensed business with an ESOP must be vetted as a “true party of interest.” Cannabis entrepreneurs should have the option of establishing an ESOP. Allowing Employee Stock Ownership Plans (ESOPs) as a viable option for cannabis businesses that brings new opportunities for both business owners and their valued employees.

Stock ownership is offered as a meaningful employee benefit in a variety of industries and could similarly be offered to cannabis employees. In addition to competitive salaries and comprehensive benefits, ESOP companies provide employees with unique wealth-building opportunities through stock ownership. This ensures that employees not only share in the success of the company but also have a pathway to financial security and prosperity. Stock ownership makes employees feel more a part of the success of the business and motivates performance.

ESOPs also benefit the companies that offer them. They serve as catalysts for enhanced employee engagement, paving the way for heightened productivity, innovation, and retention, all of which are vital for fostering superior business performance and sustainable growth. They also allow cannabis businesses to compete for talent in the workforce that may have a path to stock ownership in other industries.

Under the current rule, every employee with stock under an ESOP—no matter how small the percentage of ownership—would need to be vetted. This is simply impractical for the business, the employees, and the LCB. Therefore, who is a “true party of interest” must also be revised. The LCB can still ensure that the actual people that control the company—i.e., the larger shareholders and board/officers—are properly vetted and licensed.

The introduction of ESOPs for cannabis businesses represents a transformative opportunity to empower employees, foster job satisfaction, and promote long-term stability for cannabis businesses that choose to offer them. This can be accomplished with simple changes to the

WAC while still preserving the integrity of true party of interest provisions and the LCB's licensing mandate and processes.

1 AN ACT Relating to expanding employee ownership; adding new
2 sections to chapter 43.330 RCW; adding a new section to chapter 82.04
3 RCW; creating new sections; providing an effective date; and
4 providing an expiration date.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that:

7 Employee ownership in companies provides numerous benefits to
8 both businesses and workers across all industries. Research from the
9 national center for employee ownership found that one such structure,
10 employee stock ownership plans, had better workforce retention,
11 benefits and retirement security, and firm performance than
12 nonemployee stock ownership plans companies in the same industry. In
13 addition, the Rutgers school of management and labor relations found
14 that employee-owned companies outperformed nonemployee-owned
15 companies in job retention, pay, and workplace health safety
16 throughout the COVID-19 pandemic. At their core, employee ownership
17 structures allow employees to gain ownership stake in a business,
18 increasing their personal wealth without the risks related to
19 starting or purchasing their own company.

20 States throughout the nation have moved to provide support for
21 employee ownership structures. The Colorado employee ownership office

1 has operated since 2019 to create a network of technical support and
2 service providers considering employee ownership structures.
3 Recently, both California and Massachusetts passed legislation to
4 establish their own dedicated employee ownership support programs.
5 Other states, such as Iowa, provide tax benefits and upfront costs to
6 businesses interested in employee ownership.

7 Further, the federal government has recognized the benefit broad-
8 based employee ownership structures provide to communities. The
9 American rescue plan act included \$10,000,000,000 for the state small
10 business credit initiative. Through that act congress also directed
11 the treasury department to allow state small business credit
12 initiative funding to be used for transitions to employee ownership,
13 when state small business credit initiative funding has not been
14 historically available for business transactions.

15 The legislature desires to provide a dedicated program to educate
16 businesses on employee ownership, assist both owners and workers in
17 navigating available resources, reduce barriers to transitioning to
18 employee-owned structures, and provide tax support for businesses
19 that transition to an employee ownership structure.

20 Therefore, it is the intent of the legislature to encourage the
21 growth of employee ownership structures through this expanding
22 employee ownership act.

23 NEW SECTION. **Sec. 2.** A new section is added to chapter 43.330
24 RCW to read as follows:

25 (1) The Washington employee ownership program is created to
26 support the efforts of businesses considering a sale to an employee
27 ownership structure. The Washington employee ownership program must
28 be administered by the department and overseen by the Washington
29 employee ownership commission established in section 3 of this act.

30 (2)(a) In implementing the Washington employee ownership program,
31 the director must:

32 (i) Create a network of technical support and service providers
33 for businesses considering employee ownership structures;

34 (ii) Work with state agencies whose regulations and programs
35 affect employee-owned businesses, and businesses with the potential
36 to become employee owned, to enhance opportunities and reduce
37 barriers;

38 (iii) Partner with relevant private, nonprofit, and public
39 organizations including, but not limited to, professional and trade

1 associations, financial institutions, unions, small business
2 development centers, economic and workforce development
3 organizations, and nonprofit entities to promote employee ownership
4 benefits and succession models;

5 (iv) Develop and make available materials regarding employee
6 ownership benefits and succession models;

7 (v) Provide a referral service to help qualified business owners
8 find appropriate legal, financial, and technical employee ownership
9 resources and services;

10 (vi) Work with the department of financial institutions and
11 appropriate state, private, and nonprofit entities to shape and
12 implement guidance on lending to broad-based employee ownership
13 vehicles;

14 (vii) Create an inventory of employee-owned businesses in the
15 state including employee stock ownership plans, worker cooperatives,
16 and employee ownership trusts; and

17 (viii) Subject to the successful award of federal funding for
18 this purpose, establish a revolving loan program to assist existing
19 small businesses to finance a transition to employee ownership.

20 (b) Loans offered by the revolving loan program must be used to
21 help facilitate the purchase of an interest in an employee stock
22 ownership plan or worker-owned cooperative from the owner or owners
23 of a qualified business, provided that:

24 (i) The transaction results in the employee stock ownership plan
25 or worker cooperative holding a majority interest in the business, on
26 a fully diluted basis; and

27 (ii) If used to assist in the purchase of an interest in an
28 employee stock ownership plan, the employee stock ownership plan: (A)
29 Has appointed an independent trustee; or (B) has, as a trustee,
30 person, or entity, completed education on best practices for employee
31 stock ownership plans.

32 (c) Loans financing the sale of an interest to a worker
33 cooperative shall be extended based on repayment ability and shall
34 not require a personal or entity guarantee. In meeting the
35 requirement in (b) of this subsection, lending guidelines must be
36 established for worker cooperatives not based on any personal or
37 entity guarantees provided by the member owners or the selling
38 business owner. These guidelines may include but are not limited to
39 cash flow-based underwriting, character-based lending, and reliance
40 on business assets.

1 (d) In order to support the revolving loan program, the director
2 or the director's designee must apply for federal funding
3 opportunities that:

4 (i) Support capitalization of state revolving loan programs; and

5 (ii) Support businesses that seek to transition to employee
6 ownership.

7 (e) Amounts from the repayment of loans offered by the revolving
8 loan program must be deposited in the employee ownership revolving
9 loan program account established in section 6 of this act.

10 (3) The director or the director's designee may contract with
11 consultants, agents, or advisors necessary to further the purposes of
12 this section.

13 (4) By December 1st each year, the department must submit a
14 report to the appropriate committees of the legislature on program
15 activities and the number of employee-owned businesses and employee-
16 owned trusts in the state, including recommendations for improvement
17 and barriers for businesses considering employee ownership structures
18 in Washington state. The first report must include rules and
19 guidelines for the administration of the program, as established by
20 the Washington employee ownership commission.

21 (5) For the purposes of this section:

22 (a) "Employee-owned business" means:

23 (i) An employee cooperative established under chapter 23.78,
24 23.86, 23.100, or 24.06 RCW that has at least 50 percent of its board
25 of directors consisting of, and elected by, its employees; or

26 (ii) An entity owned in whole or in part by employee stock
27 ownership plans as defined in 26 U.S.C. Sec. 4975(e)(7).

28 (b) "Qualified business" means a person subject to tax under
29 Title 82 RCW, including but not limited to a C corporation, S
30 corporation, limited liability company, partnership, limited
31 liability partnership, sole proprietorship, or other similar pass-
32 through entity, that is not owned in whole or in part by an employee
33 ownership trust, that does not have an employee stock ownership plan,
34 or that is not, in whole or in part, a worker-owned cooperative.

35 (6) Program support shall only be made available to businesses
36 headquartered in Washington state. For the purposes of this section,
37 "headquartered in Washington state" means that Washington state is
38 its principal place of business or the state where it is
39 incorporated.

1 (7) The director shall adopt rules as necessary to implement this
2 section.

3 NEW SECTION. **Sec. 3.** A new section is added to chapter 43.330
4 RCW to read as follows:

6 created to exercise the powers in developing and supervising the
7 program created in section 2 of this act.

8 (2) The commission shall consist of:

9 (a) One member from each of the two major caucuses of the house
10 of representatives to be appointed by the speaker of the house and
11 one member from each of the two major caucuses of the senate to be
12 appointed by the president of the senate. The initial term shall be
13 two years; and

14 (b) The following members appointed by the governor:

15 (i) Five members who represent the private sector or professional
16 organizations as follows:

17 (A) One representative of a worker cooperative business. The
18 initial term shall be four years;

19 (B) One representative of an employee stock ownership plan
20 business. The initial term shall be four years;

21 (C) One representative from a statewide business association. The
22 initial term shall be two years;

23 (D) One economic development expert, from the private sector,
24 with employee ownership knowledge and experience. The initial term
25 shall be four years; and

26 (E) One representative from a financial institution with
27 expertise in assisting businesses transitioning into an employee
28 ownership structure. The initial term shall be two years; and

29 (ii) Two members who represent the public sector as follows:

30 (A) One economic development expert, from the public sector. The
31 initial term shall be four years; and

32 (B) One representative from the department of commerce, who will
33 chair the first meeting prior to the election of the chair. The
34 initial term shall be four years.

35 (3) After the initial term of appointment, all members shall
36 serve terms of four years and shall hold office until successors are
37 appointed.

38 (4) The commission shall be led by a chair selected and voted on
39 by members of the commission. The chair shall serve a one-year term

1 but may serve more than one term if selected to do so by members of
2 the commission.

3 (5) The commission shall develop, in consultation with the
4 director, rules and guidelines to administer the program. Rules and
5 guidelines for the administration of the program must be included in
6 the first report to the legislature required in section 2 of this
7 act.

8 (6) Before making any appointments to the commission, the
9 governor must seek nominations from recognized organizations that
10 represent the entities or interests identified in this section. The
11 governor must select appointees to represent private sector
12 industries from a list of three nominations provided by the trade
13 associations representing the industry, unless no names are put forth
14 by the trade associations.

15 (7) The commission shall conduct market research for the purposes
16 of, or to support, a future application to the federal government for
17 a program to assist in the purchase of an interest in an employee
18 stock ownership plan qualifying under section 401 of the internal
19 revenue code, worker cooperative, or related broad-based employee
20 ownership vehicle.

21 (8) For purposes of this section, a "professional organization"
22 includes an entity whose members are engaged in a particular lawful

26 NEW SECTION. **Sec. 4.** (1) This section is the tax preference
27 performance statement for the tax preference contained in section 5,
28 chapter . . . , Laws of 2023 (section 5 of this act). This performance
29 statement is only intended to be used for subsequent evaluation of
30 the tax preference. It is not intended to create a private right of
31 action by any party or be used to determine eligibility for
32 preferential tax treatment.

33 (2) The legislature categorizes this tax preference as one
34 intended to induce certain designated behavior by taxpayers, as
35 indicated in RCW 82.32.808(2)(a).

36 (3) It is the legislature's specific public policy objective to
37 encourage business owners to create an employee stock ownership plan
38 or employee ownership trust, or to convert to a worker-owned

1 cooperative, that allows the company to share ownership with their
2 employees without requiring employees to invest their own money.

3 (4) If a review finds that the number of businesses in this state
4 offering employee stock ownership plans, employee ownership trusts,
5 or ones that have converted to a worker-owned cooperative, has
6 increased because of the tax credit under this act, then the
7 legislature intends for the legislative auditor to recommend
8 extending the expiration date of the tax preference.

9 (5) In order to obtain the data necessary to perform the review
10 in subsection (4) of this section, the joint legislative audit and
11 review committee may access and use any relevant data collected by
12 the state.

13 NEW SECTION. **Sec. 5.** A new section is added to chapter 82.04
14 RCW to read as follows:

15 (1) Beginning July 1, 2024, in computing the tax imposed under
16 this chapter, a credit is allowed for costs related to converting a
17 qualifying business to a worker-owned cooperative, employee ownership
18 trust, or an employee stock ownership plan, as provided in this
19 section.

20 (2) The credit is equal to:

21 (a) Up to 50 percent of the conversion costs, not to exceed

23 qualified business to a worker-owned cooperative or an employee
24 ownership trust; or

25 (b) Up to 50 percent of the conversion costs, not to exceed
26 \$100,000, incurred by a qualified business for converting the
27 qualified business to an employee stock ownership plan.

28 (3)(a) Credit under this section is earned, and claimed against

31 trust, or an employee stock ownership plan is complete, or subsequent
32 tax reporting periods as provided in (c) of this subsection.

33 (b) The credit must not exceed the tax otherwise due under this
34 chapter for the tax reporting period.

35 (c) Unused credit may be carried over and used in subsequent tax
36 reporting periods, except that no credit may be claimed more than 12

4 (c) No credit may be earned, during any calendar year, on or
5 after the last day of the calendar month immediately following the
6 month the department has determined that \$2,000,000 in credit has
7 been earned.

8 (5) (a) The department may require persons claiming a credit under
9 this section to provide appropriate documentation, in a manner as
10 determined by the department, for the purposes of determining
11 eligibility under this section.

12 (b) Every person claiming a credit under this section must
13 preserve, for a period of five years, any documentation to
14 substantiate the amount of credit claimed.

15 (6) For the purposes of this section:

16 (a) "Conversion costs" means professional services, including
17 accounting, legal, and business advisory services, as detailed in the
18 guidelines issued by the department, for: (i) A feasibility study or
19 other preliminary assessments regarding a transition of a business to
20 an employee stock ownership plan, a worker-owned cooperative, or an
21 employee ownership trust; or (ii) the transition of a business to an
22 employee stock ownership plan, a worker-owned cooperative, or an
23 employee ownership trust.

24 (b) "Employee ownership trust" means an indirect form of employee
25 ownership in which a trust holds a controlling stake in a qualified
26 business and benefits all employees on an equal basis.

27 (c) "Employee stock ownership plan" has the same meaning as set

35 ownership trust, that does not have an employee stock ownership plan,
36 or that is not, in whole or in part, a worker-owned cooperative, and
37 that is approved by the department for the tax credit in this
38 section.

39 (e) "Worker-owned cooperative" has the same meaning as set forth
40 in 26 U.S.C. Sec. 1042(c)(2), as of the effective date of this

1 section, or such subsequent dates as may be provided by rule by the
2 department, consistent with the purposes of this section.

3 (7) Credits allowed under this section can be earned for tax
4 reporting periods starting on or before June 30, 2029. No credits can
5 be claimed on returns filed for tax periods starting on or after July
6 1, 2030.

7 (8) This section expires July 1, 2030.

8 NEW SECTION. **Sec. 6.** A new section is added to chapter 43.330
9 RCW to read as follows:

11 in the custody of the state treasury. All transfers and
12 appropriations by the legislature, repayments of loans, private
13 contributions, and all other sources must be deposited into the

The tax imposed by this subsection shall be paid by any disqualified person who participates in the prohibited transaction (other than a fiduciary acting only as such).

(b) Additional taxes on disqualified person

In any case in which an initial tax is imposed by subsection (a) on a prohibited transaction and the transaction is not corrected within the taxable period, there is hereby imposed a tax equal to 100 percent of the amount involved. The tax imposed by this subsection shall be paid by any disqualified person who participated in the prohibited transaction (other than a fiduciary acting only as such).

(c) Prohibited transaction**(1) General rule**

For purposes of this section, the term "prohibited transaction" means any direct or indirect-

(A) sale or exchange, or leasing, of any property between a plan and a disqualified person;

(2) Special exemption

The Secretary shall establish an exemption procedure for purposes of this subsection. Pursuant to such procedure, he may grant a conditional or unconditional exemption of any disqualified person or transaction, orders of disqualified persons or transactions, from all or part of the restrictions imposed by paragraph (1) of this subsection. Action under this subparagraph may be taken only after consultation and coordination with the Secretary of Labor. The Secretary may not grant an exemption under this paragraph unless he finds that such exemption is-

(A) administratively feasible,

(B) in the interests of the plan and of its participants and beneficiaries, and

(C) protective of the rights of participants and beneficiaries of the plan.

Before granting an exemption under this paragraph, the Secretary shall require adequate notice to be given to interested persons and shall publish notice in the Federal Register of the pendency of such exemption and shall afford interested persons an opportunity to present views. No exemption may be granted under this paragraph with respect to a transaction described in subparagraph (E) or (F) of paragraph (1) unless the Secretary affords an opportunity for a hearing and makes a determination on the record with respect to the findings required under subparagraphs (A), (B), and (C) of this paragraph, except that in lieu of such hearing the Secretary may accept any record made by the Secretary of Labor with respect to an application for exemption under section 408(a) of title I of the Employee Retirement Income Security Act of 1974.

(3) Special rule for individual retirement accounts

An individual for whose benefit an individual retirement account is established and his beneficiaries shall be exempt from the tax imposed by this section with respect to any transaction concerning such account (which would

INTENT OF CONGRESS CONCERNING EMPLOYEE STOCK OWNERSHIP PLANS

Section 803(h) of Pub. L. 94-455 provided that: "The Congress, in a series of laws (the Regional Rail Reorganization Act of 1973, the Employee Retirement Income Security Act of 1974, the Trade Act of 1974, and the Tax Reduction Act of 1975) and this Act has made clear its interest in encouraging employee stock ownership plans as a bold and innovative method of strengthening the free private enterprise system which will solve the dual problems of securing capital funds for necessary capital growth and of bringing about stock ownership by all corporate employees. The Congress is deeply concerned that the objectives sought by this series of laws will be made unattainable by regulations and rulings which treat employee stock ownership plans as conventional retirement plans, which reduce the freedom of the employee trusts and employers to take the necessary steps to implement the plans, and which otherwise block the establishment and success of these plans. Because of the special purposes for

which employee stock ownership plans are established, it is consistent with the intent of Congress to permit these plans (whether structured as pension, stock bonus, or profit-sharing plans) to distribute income on employer securities currently."

(A) No cannabis retailer's license may be subject to forfeiture within the first nine months of license issuance; and

(B) The board must require license forfeiture on or before twenty-four calendar months of license issuance if a cannabis retailer is not fully operational and open to the public, unless the board determines that circumstances out of the licensee's control are preventing the licensee from becoming fully operational and that, in the board's discretion, the circumstances warrant extending the forfeiture period beyond twenty-four calendar months.

(iii) The board has discretion in adopting rules under this subsection (3)(c).

(iv) This subsection (3)(c) applies to cannabis retailer's licenses issued before and after July 23, 2017. Effective date—2018 c 132 § 3: "Section 3 of this act takes effect July 1, 2018." [2018 c 132 § 4.]

Findings—2017 c 317: "The legislature finds that protecting the state's children, youth, and young adults under the legal age to purchase and consume marijuana [cannabis], by establishing limited restrictions on the advertising of marijuana [cannabis] and marijuana [cannabis] products, is necessary to assist the state's efforts to discourage and prevent underage consumption and the potential risks associated with underage consumption. The legislature finds that these restrictions assist the state in maintaining a strong and effective regulatory and enforcement system as specified by the federal government. The legislature finds this act leaves ample opportunities for licensed marijuana [cannabis] businesses to market their products to those who are of legal age to purchase them, without infringing on the free speech rights of business owners. Finally, the legislature finds that the state has a substantial and compelling interest in enacting this act aimed at protecting Washington's children, youth, and young adults." [2017 c 317 § 12.]

Application—2017 c 317: "This act applies prospectively only and not retroactively. It applies only to causes of action that arise (if change is substantive) or that are commenced (if change is procedural) on or after July 23, 2017." [2017 c 317 § 25.]

(1) If the board approves, a license to produce, process, or sell cannabis may be transferred, without charge, to the surviving spouse or domestic partner of a deceased licensee if the license was issued in the names of one or both of the parties. For the purpose of considering the qualifications of the surviving party to receive a cannabis producer's, cannabis processor's, or cannabis retailer's license, the board may require a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation.

(2) The proposed sale of more than ten percent of the outstanding or issued stock of a corporation licensed under chapter 3, Laws of 2013, or any proposed change in the officers of such a corporation, must be reported to the board, and board approval must be obtained before the changes are made. A fee of seventy-five dollars will be charged for the processing of the change of stock ownership or corporate officers. The board may submit any criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation;

(i) Application, reinstatement, and renewal fees for licenses issued under this chapter and chapter 69.51A RCW, and fees for anything done or permitted to be done under the rules adopted to implement and enforce this chapter and chapter 69.51A RCW;

(3) The board must adopt rules to perfect and expand existing programs for compliance education for licensed cannabis businesses and their employees. The rules must include a voluntary compliance program created in consultation with licensed cannabis businesses and their employees. The voluntary compliance program must include recommendations on abating violations of this chapter and rules adopted under this chapter. Findings—2020 c 133: "The legislature finds that recent reports of lung illnesses associated with vapor products demand serious attention by the state in the interest of protecting public health and preventing youth access. While state law grants the liquor and cannabis board broad authority to regulate vapor products containing marijuana [cannabis], the legislature finds that risks to public health and youth access can be mitigated by clarifying that the board is granted specific authority to prohibit the use of any additive, solvent, ingredient, or compound in marijuana [cannabis] vapor product production and processing and to prohibit any device used in conjunction with a marijuana [cannabis] vapor product." (b) Up to 50 percent of the conversion costs, not to exceed \$100,000, incurred by a qualified business for converting the qualified business to an employee stock ownership plan.

(3)(a) Credit under this section is earned, and claimed against taxes due under this chapter, for the tax reporting period in which the conversion to a worker-owned cooperative, employee ownership trust, or an employee stock ownership plan is complete, or subsequent tax reporting periods as provided in (c) of this subsection.

(b) The credit must not exceed the tax otherwise due under this chapter for the tax reporting period.

(c) Unused credit may be carried over and used in subsequent tax reporting periods, except that no credit may be claimed more than 12 months from the end of the tax reporting period in which the credit was earned.

(d) No refunds may be granted for credits under this section.

(4)(a) The total amount of credits authorized under this section may not exceed an annual statewide limit of \$2,000,000.

(b) Credits must be authorized on a first-in-time basis.

(c) No credit may be earned, during any calendar year, on or after the last day of the calendar month immediately following the month the department has determined that \$2,000,000 in credit has been earned.

(5)(a) The department may require persons claiming a credit under this section to provide appropriate documentation, in a manner as determined by the department, for the purposes of determining eligibility under this section.

(b) Every person claiming a credit under this section must preserve, for a period of five years, any documentation to substantiate the amount of credit claimed.

(6) For the purposes of this section:

(a) "Conversion costs" means professional services, including accounting, legal, and business advisory services, as detailed in the guidelines issued by the department, for: (i) A feasibility study or other preliminary assessments regarding a transition of a business to an employee stock ownership plan, a worker-owned cooperative, or an employee ownership trust; or (ii) the transition of a business to an employee stock ownership plan, a worker-owned cooperative, or an employee ownership trust.

(b) "Employee ownership trust" means an indirect form of employee ownership in which a trust holds a controlling stake in a qualified business and benefits all employees on an equal basis.

(c) "Employee stock ownership plan" has the same meaning as set forth in 26 U.S.C. Sec. 4975(e)(7), as of July 1, 2024.

(d) "Qualified business" means a person subject to tax under this chapter, including but not limited to a C corporation, S corporation, limited liability company, partnership, limited liability partnership, sole proprietorship, or other similar pass-through entity, that is not owned in whole or in part by an employee ownership trust, that does not have an employee stock ownership plan, or that is not, in whole or in part, a worker-owned cooperative, and that is approved by the department for the tax credit in this section.

(e) "Worker-owned cooperative" has the same meaning as set forth in 26 U.S.C. Sec. 1042(c)(2), as of July 1, 2024, or such subsequent dates as may be provided by rule by the department, consistent with the purposes of this section.

(7) Credits allowed under this section can be earned for tax reporting periods starting on or before June 30, 2029. No credits can be claimed on returns filed for tax periods starting on or after July 1, 2030.

Tax preference performance statement—2023 c 392 § 5: "(1) This section is the tax preference performance statement for the tax preference contained in section 5, chapter 392, Laws of 2023. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to encourage business owners to create an employee stock ownership plan or employee ownership trust, or to convert to a worker-owned cooperative, that allows the company to share ownership with their employees without requiring employees to invest their own money.

(4) If a review finds that the number of businesses in this state offering employee stock ownership plans, employee ownership trusts, or ones that have converted to a worker-owned cooperative, has increased because of the tax credit under this act, then the legislature intends for the legislative auditor to recommend extending the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may access and use any relevant data collected by the state." [2023 c 392 § 4.]

WAC 314-07-035 What persons or entities have to qualify for a liquor license? Per RCW 66.24.010(1), a liquor license must be issued in the name(s) of the true party(ies) of interest.

(1) **True parties of interest** - For purposes of this title, "true party of interest" means:

True party of interest	Persons to be qualified
Sole proprietorship	Sole proprietor and spouse.
General partnership	All partners and spouses.
Limited partnership, limited liability partnership, or limited liability limited partnership	<ul style="list-style-type: none"> • All general partners and spouses; • All limited partners that have more than 10% interest in the partnership and their spouses.
Limited liability company	<ul style="list-style-type: none"> • All members (or persons with equivalent title) with more than 10% interest in the LLC and spouses. (Note: In order for the liquor control board to identify the persons to be qualified, we will need to know all parties that have an interest in the limited liability company or have a pending interest.) • All managers (or persons with equivalent title) and their spouses.
Privately held corporation	<ul style="list-style-type: none"> • All corporate officers (or persons with equivalent title) and their spouses. • All stockholders (or persons with equivalent title) and their spouses who hold more than 10% of the issued or outstanding stock. Publicly held corporation	All corporate officers (or persons with equivalent title).
Multi-level ownership structures	The liquor control board will review each entity to determine which individuals are to qualify according to the guidelines in this rule.
Any entity	Any person who is in receipt of, or has the right to receive, more than ten percent of the gross or net sales from the licensed business during any full or partial calendar or fiscal year. For the purposes of this chapter:

True party of interest	Persons to be qualified
	<ul style="list-style-type: none"> • "Gross sales" includes the entire gross receipts from all sales and services made in, upon, or from the licensed business. • "Net sales" means gross sales minus cost of goods sold.

(2) For purposes of this section, "true party of interest" does not mean:

(a) A person or entity receiving reasonable payment for rent (as determined by the board) on a fixed or percentage basis under a bona fide lease or rental obligation, unless the lessor or property manager exercises control over or participates in the management of the business.

(b) A person who receives a bonus as an employee, if: The employee is on a fixed wage or salary and the bonus is not more than twenty-five percent of the employee's prebonus annual compensation; or the bonus is based on a written incentive/bonus program that is not out of the ordinary for the services rendered.

The operator must meet all the qualifications of any other true party of interest and if approved, must be the licensee. The owner may be required to be named on the license as a party of interest based on the terms of the agreement, but will not normally be required to meet all the qualifications of a true party of interest.

(5) The board reserves the right to investigate any person or entity in a liquor license application or current liquor license where hidden ownership or misrepresentation of fact is suspected.

(6) For purposes of this section, a person or entity who takes more than ten percent of the profits and/or exercises control over the licensed business in a given agreement may be named on the license as a party of interest per this rule. Examples of this are lease, operating plan, concession or management agreement.
